The following account of the enterprize against the capital of Upper Canada, has been communicated to one of those whom the hero who fell before that place had selected from the "crowd of the world," as worthy of his friendship while living, and of his remembrance even in the moment of victory and death. That remembrance is too precious not to excite, with the sorrow for the loss which his country has sustained, emotions too lively to be expressed in any form of words .-The account, as it will appear, was written on the special injunction of gen. Pike, by one of his companions in arms, and who fell by his side, and is communicated from the original for this paper. The following is the unaffected and interesting narrative of the officer to whom

the general gave the injunction : "Without the honor of a personal acquaintance, I address you at the particular order of the late general Pike, after he had been mortally wounded-his words were exactly these :- " "I am mortally wounded-my ribs and back are stove in-write my friend D. ... and tell him what you know of "the battle-and to comfort my" Some things else he said, on which I shall again write you; and many things he said for your ear, have escaped me, hrough the severity of my own bruises. AMERICAN PRISONERS IN CANADA.

On Saturday week arrived at Albany from Montreal, where he had been buried alive 33 days in a pestiferous dungeon, Dr. M'Keehan, of the Ohio militia, who was made prisoner in January last, while bearing a flag-of truce to the enemy! The Doctor has obligingly furnished us with a narrative of his sufferngs, which we subjoin. To account for the unprecedented and brutal conduct pursued towards him, it is necessary to bear in mind, that the motive of General Harrison for sending him with a flag of truce, was supposed to be to obtain permission to bury the dead killed at the Riwas treated in such a manner, as to prevent a repetition of the request.

DR. M'KEEHAN'S NARRATIVE.

On the 31st-of January last, I was ordered by General Harrison to proceed to

That night I was made to walk more | it. 9 mins. than 20 miles, to where Captain, Elliot was stationed with a party of Indians .--The Captain treated me politely, and sent | and unsurpassable. 5 guns. me to Colonel Proctor. I was scarcely seated before the Colonel began to exclaim against General Harrison, said he British; found fault with my instructions, and said the flag was only a pretext to cover a bad design. I rebutted his in- | 3 guns. sinuations with indignation, which I believe has been the cause of all my troubles since. I was not recognised in my official character until the 5th February, lifes his arm or voice agains it 9 guns, when I was informed by Proctor's aid, that I should attend on the wounded with Dr. Bower, and that I would be sent to the United States but by a different route from that which I came. The only current of air that passed through my apartment, came through the bowels of the privy! Here I was kept 33 days, when I was to my great joy put up with the American prisoners; and with them permitted to remain till last Monday, when I was liberated by the intercession of lieut. I left 14 American prisoners in jail, viz. George H. Rodgers, U. S. Army; William Hollenback, Onis Hooker, Philaster Jones, Harry Jones, Lewis Minor, Zebina Conkey, Phiny Conkey, Canton; Seth Barnes, Camden; Jared Witheril, John Campbell, Schoharie; Major Watson, Ogdensburg; Alexander M'Gregor, Balston; who were kept in close confinement; notwithstanding col. Lethbridge and major Shackleton had pledged their words to capt. Conkey, before he left Montreal for Quebec, that they should have the liberty of the town during the day. . But the captain was scarcely gone, ? when the pledge was either forgotten or the hero of Havre-de-Grace, the brave John disregarded. The prisoners now are not O'Neill, permuted to procure such things as their small stock of money would provide .--Sometimes they are half a day without water, and two or three days without wood; and if they complain they are cursed and abused by the jailer, and told they are only allowed a quart of water in the day. I am requested to represent their situation to general Dearborn, which I intend to do as soon as I arrive at Sacket's Habor.

This is a sketch of the indignities I have had to put up with since the last of January.

I am yours, &c. SAMUEL M'KEEHAN, Su geors Mate, 2d Reg's Ohio Militia. Albany, May 24th, 1813.

> Washington City, June 1. THE NAVAL CELEBRATION.

At the hour appointed for the dinner on Saturday, in honor of our recent Naval Victories, upwards of two hundred persons had assembled to partake of it-amongst whom we recognized with blessure the venerable Vice-President of the U. States, the Speaker of the House of Representatives, many Members of both the Houses of Cong.ess, all the gentlemen who fill the higher departments of the government-and many, very many of the oldest and ablest of American Patriots, men who distinguished themselves in the council and the field, in acquisition of independence, and who will strain every nerve to maintain it and hand it down unimpaired to postericy. We need not say that in such a company, assembled on such an occasion, the utmost unanimity late Governor of Maryland, acted as President of the day, and Gen. Thompson Mason, of Virginia, as Vice-President, assisted by Saml H. Smith of Washington, Dr. Chas. A. Beatty of Georgetown and Gen. Young of Alexandria. The Vice-President, the Speaker of the House of R presentatives, and the French Minister, were the only invited guests who were present. The Russian Minister was invited but declined attending, for reasons perfectly satisfactory to the meeting. The subjoined toasts were drank with the great-

> NEW-YORK, June 7. [BY THE STEAM-BOAT.]

The editors of the New-York Gazette vesterday received from an intelligent correspondent, the following particulars of the attack on Sackett's Harbor by the nemy on the 29th ult.

On Thursday evening the British fleet, consisting of the Wolf, 24 guns, the Royal George, 24, each ships, the Earl Moira, 18 guns, a brig, and the Prince Regent, Simcoe and Seneca schooners, mounting from 10 to 12 guns each, and two gun-boats, with about 40 flat bottomed boats and barges, under the command of Sir, James Lucas Yeo, having on board 1200 men under Sir George Prevost, sailed from Kingston and on Friday the 28th appeared off this harbor. The day was fair and the wind light, and at noon became a leading breeze for the enemy's vessels: the fleet hove to at 5 miles distance, and transfered their men to the barges for disembarking; they then bore up about two o'clock with the barges in tow. They had stood their course but a short time when they discovered a fleet of our barges, with troops from Oswego, coming round Stony Point. The barges from the enemy's fleet were dispatched to cut them off, and succeeded in taking twelve barges; 7 escaped and arrived at the harbor ; the troops in the captured barges had previously succeeded in land-

ing and escaping into the woods, and came in that evening. It is presumed that under the impression that more barges were expected, and in the event of cutting them off that night with troops on board, they would have less to oppose-the fleet hauled their wind, and stood into South Bay, and dis-

patched the armed barges in order to way At 4. P. M. the fleet lay by, and the day being advanced, the intention to dis-

mbass, that evening was abandoned. In the mean time, colonel Mills, with a part of his regt, withdrew from Horse Island, and with a detachment of infantry under col. Tuttle, and militia under general Brown, accupied the point of land opposite during the night. As the day roke the enemy appeared a small distance, approaching Horse Island, with upwards of 30 barges, boats, &c. filled with troops, and, under cover of two gunboats, effected a landing about the island in different parts, to the number of 800; they then advanced in -columns and forced the neck, under the heavy fire from our troops, in which several of the enemy were killed, and in the attack col. Mills fell with two wounds in his body. A

braver man never fell in battle. The enemy having succeeded in gaining the main land, advanced towards the harbor, and our troops being forced by superior numbers, were compelled to retreat through thick woods, but, disputed the ground obstinately for nearly a mile. At this time reinforcements came up under Col. Backus of dragoons and some of the best of the militia, and as the enemy opened upon the rear of the village, were cheeked, but contending obstinately an hour and an half. - Shortly after the enemy opened upon the village, Col. Backus was mortally wounded through the side, and was taken off the field-previous to this, several valuable officers were wounded and obliged to retire.

The greatest number of the enemy fell at this place; they now began to retreat, taking off most of their wounded-Our troops did not pursue them immediately into the woods, and they were suffered quietly to embark their men; several were however made prisoners who were found straggling after the boats had put off-among them were two captains. By noon all the enemy were embarked,

and standing off in their barges for the Gen. Sir George Prevost actually landed with the troops, whether he led or not is not ascertained.
