Miscellaneous.

A BIT OF ROMANCE.—We find the following story in the N. Y. Sun: "A fashionable young man of about thirty, was noticed, yesterday afternoon, promenadeing between the Park and the Hospital in Broadway. He was attired in somewhat salacious and presented evident marks of the rite of dissipation."

REMARK.—A country surgeon, who was laid, was on a visit to a friend's house, whose servant wore a wig. After bantering him a considerable time, the doctor said, "You see how bald I am, and yet I don't wear a wig." To which the servant, looking steadfastly at the doctor, replied, "True, sir, but an empty brain requires no hat."

MARRIAGES.—An eastern paper gives out the following notice of "all whom it may concern": "All notices of marriages where no brides cake is sent, will be set up in large type, and placed into some outside of the door of the bride, in a handsome piece of cake sent, it will be placed conspicuously in large letters—but when gloves or other favors are added, a piece of illustrative poetry will be given in addition.

SPiRiT OF JEFFERSON.

TUESDAY MORNING, JUNE 13, 1848.

DEMOCRATIC NOMINATIONS. FOR PRESIDENT, GEN'L. LEWIS CASS, OF MICHIGAN. FOR VICE PRESIDENT, GEN. WM. O. BUTLER, OF KENTUCKY.

DEMOCRATIC RALLY! Our friends will bear in mind the Democratic Rally, on Monday next, Court-day, to ratify the nomination of Cass and Butler.

We hope there may be a full and enthusiastic Meeting; One worthy of the cause; worthy the Democracy of Jefferson; and the gallant leaders in the approaching canvass.

THE WHIG CANDIDATES. The result of the Philadelphia Convention has already gone abroad to the four quarters of the Union.

The struggle, to produce this result, even so far as the Conventional recommendation could effect it, has been marked by much violence, and engendered an animosity among those of the same political faith, which can never be healed.

OF GEN. TAYLOR, we desire to say nothing derogatory to his fame, as a great and a noble captain. Of his claims to the Presidency, (if any) he has never entertained the idea of his having any.

THE RECEPTION GIVEN TO GEN. CASS, on his route homeward from Washington, was of the most enthusiastic character. Along the whole route, the Democracy seem to have come out in one mass to do honor to their great leader.

ROORBACK AGAIN! Hardly has the glorious names of Cass and Butler been borne along upon the wings of the lightning, to the remotest parts of our Union, before the same of whig calumny is ejected from every quarter.

ASAS, POOR YORK! HENRY CLAY, whom the Whig party once revered, and whose principles they once revered, has gone down to the tomb of the Capulets, unhonored and unsung!

THE NATIONAL INTELLIGENCER gives to the Philadelphia nomination a reception as cold as an iceberg. It admits that but little was to have been expected from the discordant elements in the convention.

THE EMPIRE STATE.—Flee of the "Barbournian" papers in New York, have put aside their personal resentments and come up to the support of the National Democratic nomination at Baltimore.

CONVENTIONS.

General Taylor and his friends. It is wonderful to notice the change which has come over the minds of the Taylor men now, as to the sanctity of Conventional nominations.

Mr. Hunt, of Massachusetts, the only delegate from that State who voted for the nominee, said he should give him a cordial support, such as he would have extended to any other nominee.

Mr. Galloway, of Ohio, had come pledged to vote for a candidate opposed to the extension of slavery, and would go home to his constituents and abide whatever they may propose in their free councils.

THE TREATY OF PEACE. The details as to the ratification of the Treaty of Peace, have not as yet been received.

THE NEW YORK TRIBUNE, on the day before the nomination of Gen. Taylor, gave expression to its "earnest belief" thus: "There are at this moment half a million Whig voters who have resolved not to support him if nominated."

THE LETTER OF OUR WASHINGTON CORRESPONDENT, "D. Henry," is to day, as they have always been heretofore, of special interest.

THE WHIG NOMINATIONS AT ALBANY.—A telegraphic dispatch from Albany, says: "The Clay Whigs of this city are furiously indignant at the nomination of Taylor."

THE COURT-MARTIAL is still in session in Frederick. It will hardly terminate for some two or three weeks yet.

THE GIRARD COLLEGE.—By the final report of the building committee and architect of the Girard College, we learn that the entire sum expended in its construction, is \$1,933,821 78.

THE MINE OF COPPER.—The Richmond Southerner says: "A mine of copper, of unusual richness, is opening in Amherst county, Virginia."

THE MEN OF '33.—This year gave birth to the following politicians: Daniel Webster, born 18th of January; John C. Calhoun, 15th of March; Gen. Lewis Cass, 9th of October; Martin Van Buren, 5th of December.

MUTINY IN CAMP.

After the nomination of Gen. Taylor had been effected, an abortive effort was made to declare the nomination unanimous. The Massachusetts and Ohio Delegations protested, and among other declarations, equally explicit, we find the following: Mr. Allen, of Massachusetts, would not assent.

THE DEMOCRATIC NOMINEES.—By the proceedings of the Democratic National Convention, which we publish this week, it will be seen that Gen. Lewis Cass, of Michigan, and Gen. W. O. Butler, of Kentucky, are the nominees of the convention for President and Vice President.

THE SPIRIT OF PARTY. The Whig press throughout the United States, for months before the Convention, were constantly employed in explaining how all the measures adopted by Mr. Polk, were intended for the sole purpose of securing his nomination by that Convention.

WASHINGTON, June 9, 1848. By last night's mail we received the welcome tidings that the Treaty of Peace was fully ratified by both branches of the Mexican Congress.

THE TROOPS were leaving the city of Mexico for Vera Cruz, and Gen. Persifer Smith had been detailed by Gen. Butler to superintend the embarkation of the army for New Orleans.

THE DELEGATION passed through here to wait on Gen. Taylor at Frederick, to invite him to the hospitalities of Richmond.

THE CORNER STONE of the Washington Monument, weighing some twelve tons, was conveyed to its site, a beautiful prominence on the Potomac, having been drawn by almost one thousand oxen, preceded by the Mayor, Marine Board and Military of the City.

THE COURT-MARTIAL is still in session in Frederick. It will hardly terminate for some two or three weeks yet.

THE GIRARD COLLEGE.—By the final report of the building committee and architect of the Girard College, we learn that the entire sum expended in its construction, is \$1,933,821 78.

THE MINE OF COPPER.—The Richmond Southerner says: "A mine of copper, of unusual richness, is opening in Amherst county, Virginia."

WHEELING IN LINE.

The Bradford Reporter, well known as the special organ of Mr. Wilmot, and the leading, if not the only paper in Pennsylvania which has professed Democracy "with a Proviso," thus manfully wheels into line in support of Cass and Butler.

THE DEMOCRATIC NOMINEES.—By the proceedings of the Democratic National Convention, which we publish this week, it will be seen that Gen. Lewis Cass, of Michigan, and Gen. W. O. Butler, of Kentucky, are the nominees of the convention for President and Vice President.

THE COURT-MARTIAL is still in session in Frederick. It will hardly terminate for some two or three weeks yet.

THE GIRARD COLLEGE.—By the final report of the building committee and architect of the Girard College, we learn that the entire sum expended in its construction, is \$1,933,821 78.

THE MINE OF COPPER.—The Richmond Southerner says: "A mine of copper, of unusual richness, is opening in Amherst county, Virginia."

THE MEN OF '33.—This year gave birth to the following politicians: Daniel Webster, born 18th of January; John C. Calhoun, 15th of March; Gen. Lewis Cass, 9th of October; Martin Van Buren, 5th of December.

MR. POLK'S FINAL TRIUMPH.

From the Savannah Georgian. We feel that we shall be sustained by the convictions of all right-thinking men, be they Whigs or Democrats, when we say that Mr. Polk occupies a most enviable position before the nation.

THE DEMOCRATIC NOMINEES.—By the proceedings of the Democratic National Convention, which we publish this week, it will be seen that Gen. Lewis Cass, of Michigan, and Gen. W. O. Butler, of Kentucky, are the nominees of the convention for President and Vice President.

THE SPIRIT OF PARTY. The Whig press throughout the United States, for months before the Convention, were constantly employed in explaining how all the measures adopted by Mr. Polk, were intended for the sole purpose of securing his nomination by that Convention.

WASHINGTON, June 9, 1848. By last night's mail we received the welcome tidings that the Treaty of Peace was fully ratified by both branches of the Mexican Congress.

THE TROOPS were leaving the city of Mexico for Vera Cruz, and Gen. Persifer Smith had been detailed by Gen. Butler to superintend the embarkation of the army for New Orleans.

THE DELEGATION passed through here to wait on Gen. Taylor at Frederick, to invite him to the hospitalities of Richmond.

THE CORNER STONE of the Washington Monument, weighing some twelve tons, was conveyed to its site, a beautiful prominence on the Potomac, having been drawn by almost one thousand oxen, preceded by the Mayor, Marine Board and Military of the City.

OUR NOMINATIONS.

The following article from the Richmond Whig, though marked with much of the virulence which peculiarly distinguishes that paper at this time, does the Democratic party the justice to award to their ticket the strength which it has the right to claim, and we believe the people will confirm it.

WHIG NATIONAL CONVENTION.

The proceedings of this body, both in its details and as to its result, has no doubt reached most of our readers ere this time. We do not, therefore, deem it necessary to give the voluminous proceedings of the Convention as we find them in the daily papers of the City, but only so much as may be necessary to a proper understanding of its doing.

DR. SWETZER'S PANACEA. THIS Medicine is warranted, on oath, not to contain a particle of Calomel, Corrosive Sublimé, Arsenic, Chloride of Gold, or any deleterious mineral.

THE principle upon which this medicine acts, is by assisting and harmonizing with nature; it drives out all foul acrimonious humors from the blood and body, and by assimilating with and strengthening the gastric juices, the stomach, it assists digestion; in short there is not a vein, artery, muscle or nerve in the human body, that is not strengthened by the PANACEA, and it also possesses the remarkable property of removing mercury from the bones and joints.

FOR ERUPTIONS OF THE SKIN, Scirrhous, Scrofulous Affections, Tumors, Scrofula of the King's Evil, White Swellings, Erysipelas, Ulcers, Cancers, Running Sores, Scabs and Bites, time and a determined perseverance in Dr. SWETZER'S PANACEA, will effect a cure.

FOR INDIGESTION, Rejection of food, Nausea, Vomiting, Nervous affections, Bilious complaints, Head-ache, Paleness, or Female Irregularities, Dr. SWETZER'S PANACEA will soon effect a cure; but if obstinate, or attended with griping, flying pains, the dose should be increased, and the cure will soon be effected. Let not the patients frighten themselves with the idea that they are too weak to take much medicine; but bear in mind that this mildly operating medicine puts not weakness into the frame, but most certainly draws weakness out, loans strength in its place, and by giving composed sleep at night, and an appetite for any kind of food, re-animates the whole frame with vigorous action, improving the mind and clearing the sight.

SCROFULA AND GLANDULAR AFFECTIONS. Scrofula is said to be hereditary, the infant receiving from its parents the seeds of this disease, which increases with its years, if neglected and not subjected to frequent purification with Dr. SWETZER'S PANACEA. The glands are placed in the corners of the body, and out of the way of direct medicinal action; their real nature is a subject on which much difference of opinion prevails; it suffices us to know that when in a diseased state, they are capable of being purified and cleansed by a long course of Dr. SWETZER'S PANACEA, which restores them to sound and proper action. Scrofulous persons can never get such a purification to their blood, its purification should be their first thought, for after a long course of perseverance they will even cure hereditary disease.

IN CASE OF JAUNDICE, Asthma, Liver complaints, The Delirious, Rheumatism or Rheumatic Gout, Dr. SWETZER'S PANACEA cannot be too highly extolled; it searches out the very root of the disease, and by removing it from the blood, makes a cure certain and permanent.

FOR DISEASES OF THE BLADDER AND KIDNEYS, Strictures, Gravel, Stone, Pains, Catarrh, Urinary Obstructions and Extra Calculations, Dr. SWETZER'S PANACEA is the best remedy ever tried; it removes all those acrimonious humors from the blood which give rise to the above diseases, and by keeping the blood in a pure condition, insures health.

FOR DROPSY, Falling of the Bowels, Impurities of Blood, Mercurial Taint, Weakness of the Spine, Flow of blood to the head, Giddiness, Singing or Buzzing noise in the head and ears, Dr. SWETZER'S PANACEA will give certain relief; in all severe and chronic cases, the patients cannot be too often reminded that larger doses and perseverance will effect a cure.

IN CHILLS and fevers, bilious affections, of the eyes and ears, spongy and bleeding gums, Bronchitis, and recent coughs and colds, Dr. SWETZER'S PANACEA will be found perfectly sure and certain in its effects.

GRAVEL AND URINARY COMPLAINTS. These complaints are generally attended with the most fatal consequences, and are seldom or never cured by the present mode of treatment; they usually accompany the patient to the grave, after suffering the most excruciating pain and torture. The cause of these complaints is the same as all other diseases of the blood, namely, an accumulation of the most acrimonious humors, which are removed from the blood by Dr. SWETZER'S PANACEA, you remove the cause of the disease, consequently it cannot exist any longer, after sufficient perseverance in its use has deprived the blood and body of all acrimonious humors and incrustations.

DISEASES OF THE LUNGS—CONSUMPTION. This is a very prevalent and fatal disease; it renders the patient unable to perform his usual duties, is also very improper treatment in many other cases, such as measles, fevers, inflammations and small pox, and a host of other badly treated diseases; where the cause, instead of having been thoroughly removed from the blood and body, have only been palliated or removed from one part to break out in another. By Dr. SWETZER'S PANACEA you remove the cause of the disease, consequently it cannot exist any longer, after sufficient perseverance in its use has deprived the blood and body of all acrimonious humors and incrustations.

WHICH YOU SORE ON THE EXTERIOR, come from, and have their source in, the interior, and might just as well have settled on your lungs, liver, or any other part, which we know they frequently do, and prey on the interior.
