Report of the Commissioner of Indian Affairs. Col. Mayne, Commissioner of Indian Affairs, in his annual report sets forth many facts of interest, and shows that the operation of his department during the year have been exceedingly large.

The Indians in Nebraska and Kansas have ceded to the United States Government nearly fifteen million acres of land, and have received in return a large sum of money. They are to be placed on reservations, and are to be taught the ways of the white man, and in the end to become a higher people than the land in which they dwell.

There is trouble with the Indians on the Arkansas and Pecos rivers, and it appears that while the agent is seeking them to present amendments to treaties, they are quietly shooting down emigrants and robbing travelers. The Commissioner thinks something should be done for these misguided people, but acknowledges that he cannot say what the something should be, but suggests kindness and peaceful attempts to colonize them.

Annual Report of the Pension Office.

The Annual Report of the Commissioner of Pensions to the Secretary of the Interior, evidences an energetic and faithful administration of the business following interesting particulars, which furnish a bird's eye view of its important operations.

The number of original cases, and applications for increase of Army Pensions, which have been admitted during the year ending June 30, 1854, was 1,110. The amount of arrears due at the date of issuing the certificates was \$1,171,977.44.

There is a large amount of money due to the pensioners, and it is to be paid in installments. The Commissioner is to be congratulated for his energetic and faithful administration of the business.

Widow's and Orphan's Pensions.

The Washington Globe publishes the deed of trust of this company, made up the 29th of November, which carries with it no very flattering idea of the state of the company's affairs.

The assets set forth in the schedule attached to the deed of trust are as follows: Schedule A, \$565,328. Balance due from individuals as per schedule, \$1,110. Notes and bills discounted, \$358,451. Claims in the hands of Attorneys, \$1,171,977.44.

It is our opinion says the Globe, that not more than \$400,000, if that much, can be made out of the whole of the assets put down in the schedule; and no, the creditors must look largely to the trustees to admit that the company owes \$800,000.

CHARLESTOWN.

The Rights of the States, for the Sake of the Union.

TUESDAY MORNING, DECEMBER 26, 1854.

DEMOCRATIC NOMINATIONS.

FOR GOVERNOR, HENRY A. WISE, OF ACCOMAC.

FOR LIEUTENANT GOVERNOR, R. W. HIGGONS, OF SALEM.

FOR ATTORNEY GENERAL, W. P. BOOCOCK, OF APPOMATOX.

Hon. Henry A. Wise. We see by the Register that the Democratic nomination for Governor, has made five appointments to speak in different Counties in this State.

It is not long, however, before the cordial hand of friendship will be extended to me, and now as I have you, my heart beats quick and warm, and my bosom heaves with emotions of the most unfeigned sadness, at the severing of this, which intimate association has made dear and near to me.

Again I go among strangers—not such as speak not my own tongue—but among those who feel as I feel, who are nurtured within the bounds of the same good old Commonwealth, who are Virginians. My feebly efforts are about to be given to speak for the banner of the true Democracy. It shall be my earnest endeavor to promote the success of that faith which I have been devoted to my earliest youth. I came here a London Democrat and I flatter myself that I go to my new home with a "Jefferson" endorsement. One thing is certain, I have ever maintained with zeal those principles, on the success of which, rest the pillars of our Republic.

This is of a more painful to me, as when the former proprietor, Jas. W. Buzard, Esq., (whose memory will always have a place in my heart) separated his connexion with the paper. The Spirit of Jefferson is truly appreciated as is evinced in its growing prosperity, and the gentleman who have recently taken the helm deserve, and will no doubt, receive the patronage it has so meritoriously won. I wish them every success, and feel confident they will gain it, for it is the sure reward of the ability they so eminently possess.

I am well aware of the responsibility of the duties, I am about to assume, in conducting a political newspaper, but my efforts shall be to deserve, and I feel assured I will receive the support and confidence of the generous community with whom I am about to cast my lot. I hope to be able to do so, and I am willing to sacrifice themselves and their principles at such a sacrifice. They will not all support the Know Nothing.

Pension Office. The annual Report of the Pension Office shows that the whole number of pensioners June 30, 1853, was 11,867. Annual amount payable to them, \$1,070,078. Same June 30, 1854, 14,005, and annual amount payable to them, \$1,162,635. Number of Revolutionary soldiers on the roll June 30, 1853, 1,385, number of Revolutionary soldiers on the roll June 30, 1854, 1,063. There had been taken from the rolls of the Army Pensioners during the year ending June 30, 1854, by transfer to the Treasury Department, as unclaimed pensions, 883—total, 1,578. Of the Navy Pensioners for the year ending Sept. 30, 1854, 24 are reported dead, and 28 transferred to the Treasury Department as unclaimed Pensions. Of those transferred to the Treasury Department but are again restored to the roll. See Report in another column.

The Sale of Mount Vernon. Mr. John A. Washington writes to the Virginia Central Mount Vernon Association, that however willing he may be to sell the Home and resting place of the Father of his Country, to either Virginia or the United States, he is unwilling to dispose of it to that association. Mr. W. says that the only reason he has for desiring this disposition of the property is, that it may be preserved from the lot of the most eventually fall, it is a private property, in the dispersion of families and changes of fortune almost necessarily attendant upon our form of government. That it would cause him the greatest regret, if he should see changes, from any act of his or his descendants. Mr. V. says that he is not willing to see, inconsistent with the veneration due to the memory and character of him with whose life it is so intimately connected. That he cannot help foreseeing, that as the property of any private person or association, this lamentable result, must sooner or later occur.

The Association formed in Richmond, is composed of Ladies, and they designed appealing to the South for money to make the purchase, but Mr. W.'s letter seems to have put a check to the whole scheme for its acquisition.

Land Sale. The farm belonging to the heirs of the late David L. Clayton, was sold by David W. Barton, on Friday, last, for forty dollars and three cents. Purchaser, Mr. David Bize. This land lies on the line of Jefferson and Clark. The farm contained 370 acres.

Errata. Several errors occurred in the first issue of the advertisement of Mr. N. W. Massey. Copying and barrels were used instead of cropping and baskets.

There is a paper that has just commenced its earthly career, not more than one hundred miles from Staunton, whose columns are graced with some of the finest, choicest, and most delicate and refined expressions which the English language can furnish. The editor also indulges in a fine vein of wit which he possesses, to such an extent that it elevates itself into a base contemptible, or a poisonous arrow of slander.

Our subscribers will observe that we have again secured a good quality of paper. We can assure you that our very best endeavors were exerted heretofore to get a good article of paper, but it was utterly impossible. Some of the very worst paper that we used, we had to send to New York for, there being none of any kind, in any nearer market. We hope hereafter to have a good article all the time.

As we are compelled to go to press to-day, (Saturday) at noon, the letter of our Washington correspondent, which we had intended to publish, we cannot give it to our readers. It will appear in our next issue, and our readers may look for one regularly hereafter.

The new cent piece, it is said, will be issued from the mint in the course of a few days. They are considerably smaller than the old cent pieces, and form an attractive copper coin. On one side is the head of Liberty, and, the thirteen stars being omitted, the surface is plain and polished. The reverse of the new design the old cent, but brighter and much more finished. There is a certain amount of alloy mixed with the copper, and the perfection of the die gives to the coin a finish that has never before been attained in our copper coinage.

Congress. Congress manifested more spirit for work during the last week, than previously. The Army bill was introduced, and also a bill for the establishment of a permanent "Board of Commissioners." The lower House attempted to go to the vote on the bill, but it was also stopped by the Senate. The bill was also stopped by the Senate. On Wednesday they adjourned until after the holidays.

The editor of the New York Courier, who has recently returned from Europe, says that the 604 Highlanders, the regiment which received and repelled the charge of Russian cavalry with such admirable coolness on the 25th of October, has volunteered to lead the storming party when the breach is opened at Sebastopol. Probably not one of the gallant fellows will live to know whether the attack is successful or not.

We understand that the workmen connected with the 24 Division of the B. & O. Railroad—the Enginemen, Conductors, Breakmen and Firemen engaged on the Transportation trains have stopped work, because of a rate recently adopted by the Company, requiring 12 hours extra time for a day, instead of 8 as formerly.

A special order has been made in the Senate for the first of January next, on the motion of Mr. Brann, of the bill for final settlement of the claims of the officers of Revolutionary army, and of the widows and orphan children of those who died in the service. Mr. Brodhead has introduced in the Senate his promised bill to grant bounty land to certain officers and soldiers who have rendered service to the United States, and to extend grants to others. This bill will mainly benefit those who served in the War of 1812, though it will embrace who served all since 1790.

The report of the Committee on the bill for the relief of the late John S. Selden, withers and Co., of the State of Virginia, is heavy—some estimate it at \$500,000, some more than that, and others less.

Our friends of forty million gallons of whiskey, six and a half million gallons of rum, and upwards of one and three quarter million barrels of ale, are annually manufactured in this country, requiring the services of a million dollars worth of grain, hops and other articles.
