Benjamin F. Hall, Editor. CHARLESTOWN, VA.

Tuesday Morning, November 16, 1866.

TO THE EDITOR.

Messrs. Welches, Leisenring, O'Connell, and Green, have served the proper notices upon their adversary candidates for the various county offices of sheriff, clerk of circuit court, prosecuting attorney, and recorder.

JUDGE HALL.

We call the attention of our readers to the communication addressed to Judge Hall of this circuit, and originally published in the Clarksburg Conservative.

As to Judge Hall's ability to take the test oath required by the laws of West Virginia, we have nothing to say beyond what appeared in this paper during the canvass for the judgeship.

AN INFAMOUS JUDGE.

Judge Hugh Lennox Bond, of the criminal court of Baltimore, has lately done an act which shows him to be as infamous a scoundrel as the most hardened criminal ever tried in his court.

RESPECTABLE BY CONTRAST.

The recent elections at the North, both in their results and the character of the Representatives elected, is an anomaly in even that rotten, radical, riotous region.

New York has furnished in her Congressional delegation, John Morrissy, the celebrated pugilist, much to the chagrin and apparent disgust of the radical press.

He is not a drunken bally, like Chandler, nor a drunken fanatic, like Yates, nor a drunken idiot, like Sprague.

Republican congressmen can learn a good deal from Morrissy. Morrissy never yet struck a foul blow nor buffeted his antagonist when he was down.

As legislators go—taking the black republican example as the specimen—John Morrissy will prove a giant among pigmies in bravery, sense, magnanimity, decency and judgment.

JOHN MOSBY SPEED, Esq., a prominent lawyer of Lynchburg, died in Washington city last week. The deceased had attained great eminence in his profession, and his sudden and unexpected death, is deeply lamented by the people among whom he had lived.

The Maryland election last week resulted in a decided triumph for the conservative cause. The congressional delegation stands four conservatives to one radical.

CHANGING FRONT.

The result of the recent elections has had a most singular effect upon Fulton, the perjured editor of that worst of radical sheets, the Baltimore American.

We were before our readers the returns from all the wards of the city, and from these it appears that the Conservatives have carried the whole Legislature and Congressional ticket.

The "biterness and exasperation" of which the American complains, is due more to the conduct of that paper than any other cause.

The "biterness and exasperation" of which the American complains, is due more to the conduct of that paper than any other cause.

The Rev. Dr. PALMER, so eminent in distinction and so widely known throughout the country, has just returned to his home from a visit to the mineral regions of Virginia.

There is no doubt, we presume, about the fact that that dreadful scourge of the world, the cholera, has invaded the Valley of Virginia.

DEATHS FROM CHOLERA.—Mr. Daniel Gable of this county, who has been living in the West for several years, came to this county a few weeks ago on business.

The Danville News gives an account of a man, 25 years old, exhibited in that town, who was born without arms, and has learned to use his feet with more dexterity than most people use their hands.

NEGRO LEGISLATORS.

The Boston Journal, the leading organ of the radical party in Boston, thus refers to the nomination of one of the two negroes who have been elected to the Massachusetts Legislature:

"This nomination is one of the practical results of the political creed which Massachusetts has taken to itself in advocating, and though it may strike some with surprise, it is creditable to the district which made the nomination."

We want our people to remember that those who voted the radical ticket in this county, at the recent election, are in full fellowship with the party in Massachusetts which has insulted the intelligence of the people and outraged decency by the election of negro delegates.

Virginia News.

Since his return from the Valley, Gen. HENRY A. WISE has been very ill at his residence in Richmond, in consequence of which he was unable to fulfil engagements to speak at Petersburg and Fredericksburg.

An important case was disposed of by arbitration last week in Rockingham, Va., between R. A. Gray and S. M. & R. Bowman.

The greatest sympathy is manifested for the Empress Carlotta. It would appear that her mental state gave cause for alarm even before her arrival in France.

On the 22d of April, 1861, Gov. Letcher nominated Col. Robert E. Lee to the office of commander of the military and naval forces of Virginia, which nomination was unanimously confirmed by the Convention.

Cholera in the Valley.

There is no doubt, we presume, about the fact that that dreadful scourge of the world, the cholera, has invaded the Valley of Virginia.

DEATHS FROM CHOLERA.—Mr. Daniel Gable of this county, who has been living in the West for several years, came to this county a few weeks ago on business.

Mexican Affairs.

Referring to the condition of affairs in Mexico, and the contemplated abdication of MAXIMILIAN, the London Times, in a well-written article, remarks:

"We cannot, as a British subject, in the present straits, find it in our hearts to pity the sovereign who is brought to the necessity of turning his back on the vanities of his exalted estate."

On the 10th November, 1863, it was enacted by the Legislature of West Virginia, as follows: "Every person elected or appointed to any office of trust, civil or military, before proceeding to exercise the authority or discharge the duties of the same," is required to swear "that he will support the constitution of the United States and of West Virginia."

This oath is close and searching, driving away from all official station every honest, high-minded, truthful man, however well-qualified; if he has ever done any of the acts described in it, but opening the door for men less honest and truthful, who may have done the same things.

I will now produce the testimony to show you that, notwithstanding you took said oath of office, yet you did voluntarily give aid and comfort to persons engaged in armed hostility to the United States.

The Convention of Virginia, of which you were a member, on the 17th of April, 1861, passed the "Ordinance of Secession."

On the 22d of April, 1861, Gov. Letcher nominated Col. Robert E. Lee to the office of commander of the military and naval forces of Virginia, which nomination was unanimously confirmed by the Convention.

On the 26th of April, 1861, the Convention passed the ordinance amending the Constitution of the State, equalizing taxation, which was adopted by the voters of the State at the general election in May following, and you voted for this ordinance.

It will be recollected that some time since the report was circulated, that Judge Advocate General Holt had, by unworthy means, secured the nomination of a member of the Convention to be elected as a Representative in said Congress.

To the Hon. Ephraim B. Hall, Judge of the 10th Judicial Circuit in West Virginia.

DEAR SIR:—In all countries, whether pagan, mahomedan or christian, the idea prevails, that a Judge ought not only to be pure, but above suspicion.

In presuming to review your conduct as a Judge, you are entitled to the benefit of the presumption that you are not only pure, but above suspicion.

On the 10th November, 1863, it was enacted by the Legislature of West Virginia, as follows: "Every person elected or appointed to any office of trust, civil or military, before proceeding to exercise the authority or discharge the duties of the same," is required to swear "that he will support the constitution of the United States and of West Virginia."

The Board of Supervisors.

This body met at Shepherdstown on the 6th instant, when the President stated that the object of the meeting was to examine the returns of the election held on the 25th of October, 1866.

Little or no business was transacted that day, and the board adjourned over to the 7th. On that day the board again met, and proceeded to count the ballots of Bolivar, Harper's Ferry, Chapline and Bolivar townships.

Supervisor Fossett moved to examine the supervisor, inspector and clerks of the election held in Averill township, which was carried.

The board then proceeded to examine J. W. Snyder, Hiram Shaul, Dr. S. Balch, and J. V. Hyatt, and after hearing the evidence and argument of the counsel, Supervisor Fossett moved to count the ballot of Averill township.

There being a tie, the President voted in the affirmative.

It was moved that R. H. Lee be permitted to address the Board in relation to receiving the 19 votes cast at Charleston township by persons who have not been registered.

From the Leesburg papers of last week we copy the following items of local interest:—Last week we announced the conviction and sentence to fourteen years confinement in the penitentiary, Landon T. Lovett, upon the charge of horse-stealing.

The condition of the Leesburg and Snickersville Turnpike, requires the attention of either the county or company which had it in charge before the 1st of January.

The Rev. Samuel Rogers delivered an appropriate and interesting address to the Sons of Home of the County of Leesburg, in the M. E. Church, on Friday evening last.
