THE NEW GOVERNMENT.

When the people of the South, overwhelmed by superior numbers, surrendered their arms to the Federal Generals, they had some reason to expect that the United States Government would hold to its oft-proclaimed declaration that the war was waged solely for the maintenance of the Constitution and the integrity of the Union...

The Constitution of the Union has been utterly disregarded; indeed, there is scarcely one of its provisions which has not been wantonly violated by the dominant party in Congress...

AN OPINION.

During the debate in the Senate upon the Sherman bill, Mr. Reverdy Johnson declared with earnest emphasis that if it passed into a law, it would be a death blow to the State of West Virginia...

Neither this military despotism, nor threats of worse wrongs against them, will make the Southern people accept the terms of restoration held out to them. They know they have lost all save their honor, and that they will not sink by bending the knee to the autocrats of Congress and New England...

WHAT WILL HE DO WITH IT?

What will the President do with the Sherman bill? is now a question in every man's mouth; and we are constantly asked it. A few days will give the answer. In the meantime, we predict that he will not sign the bill...

JUDGE SANBORN'S TENACITY.

On last Friday, in consequence of the illness of Justice Myers, a case which was to have been tried before him was taken before Mr. Sanborn, at the instance of one of the parties. Judge J. W. Kennedy, very properly denied the right of Sanborn to act in the case...

SILENCE IN COURT!

We understand that whilst a Justice in a neighboring township was holding court the other day, one of the parties in a case under consideration becoming rather profane in his denunciation of the opposite party, as well as offensive personally to his honor, the Justice came down from his seat of dignity, and seizing the offender by the nape of the neck, gave him a severe whallopping...

SENATOR JOHNSON OF MARYLAND.

Since his first entrance into public life, Mr. Reverdy Johnson, has been noted for his political inconsistencies. He has been on the one side or other of the fence dividing the old political parties, and not infrequently on the top of it, and his excursions for his conduct have only excited the risibilities of his friends...

Opposite my window they encounter a Virginia belle, arrayed in the splendor of a purple dress, and scarlet shawl, a green hat, and a blue veil. Her superior eyes behold the object which all others she despises most—a nigger teacher!

LOCAL MISCELLANY.

MYSTERIOUS LOSS OF A POCKET-BOOK.

On Thursday last week, Mr. Colin C. Porter of this county, took out his pocket-book in the store-room formerly occupied by the Messrs. Leisenring, for the purpose of buying some postage stamps in the post office room adjoining, and unthoughtfully, as is supposed, left the pocket-book lying upon the counter in the unoccupied store-room whilst he purchased the stamps...

STABBING AFFAIR AT WINCHESTER.

On Friday night last a fatal stabbing affray occurred in Winchester, but we regret that we have not been able to obtain the full particulars of the circumstances connected with the affair...

SHOOTING CASE AT HARPER'S FERRY.

On Tuesday night last a shooting affair occurred at Harper's Ferry, between John (or Ginger) Chambers, and some soldiers stationed at that point. One soldier was shot in the head by Chambers, but is likely to recover. Chambers had a hearing before Justice Koonce, who bailed him to appear at the Circuit Court, in the sum of \$3,000.

IN MARKET.

The most desirable town property now in market is the house and lot on Congress street, in this town, which will be offered at public sale on Friday next, at 12 o'clock, by Andrew E. Kennedy...

THE WEATHER.

Last week we had another visit of the "Winter King" to the depth of five or six inches, and on Sunday night we had both snow and rain, which leaves our streets nothing but "slush, slish, slush," as Morris Addams expresses it, and renders the walking extremely disagreeable.

DEBATE.

The following question will be discussed before the Junior Debating Society at the Academy, on Friday evening next: "Has the Invention of Machinery been Beneficial to the Laboring Class?"

DEBATE.

Affirmative—Arthur Hawks, Raleigh Donnelly and Henry Eby. Negative—Austin Look, Bacon Yates and Holmes Berry.

SECRETARY McCULLOUGH will shortly issue a circular notifying the public that the department is now ready to receive and convert into five-twenty bonds the Seven thirty bonds issued under the act of August, 1864, and due next August, and also pay the interest thereon.

The attention of those fond of the macabrous is directed to the circumstantial evidence story on the first page.

Freedom Teachers in Virginia.

It has come at last, the longed-for Wednesday. To-day the ears are coming! You should live in Dixie to know all that means. You should sit by this window, for days and months, looking only on rock and ruin, longing for the dear old places and the familiar faces, to know all that while tells as its pining cry comes back in the echoes of these rugged hills, and its gay green tresses leap from behind yonder sharp jutting angle of Maryland Heights, and rolls across the great iron bridge which binds together Maryland and Virginia...

West Virginia Legislature.

In the Senate, on the 18th, Mr. Hoke, by leave, introduced Senate Bill No. 76, "to incorporate Tuscarora Lodge No. 24, I. O. O. F., in Martinsburg, Berkeley county," which was read the first time.

The following House Bills were passed:—Making an appropriation of \$100,000, to the Hospital for the Insane, attaching the county of Clay to the Fifth Judicial Circuit, and attaching the county of Randolph to the Third Judicial Circuit.

On motion of Mr. Chapline, the special order (the Railroad bill) was postponed until to-morrow morning at 10 o'clock.

On his further motion, the School bill was laid on the table.

In the House of Delegates, on the same day, the bill to prohibit the sale and use of intoxicating liquors as a beverage, was taken up and read.

Mr. Hoffman moved to strike out the clause permitting druggists to sell liquors.

Mr. Fergusson moved to indefinitely postpone the bill. He said, "It is as much as we can do now to beat the Democratic party, and if we pass this bill we may as well give up the idea of ever doing so."

An extended debate ensued. Mr. Cunningham said he favored the bill; drunkenness was a crying evil, and in many cases it was pleaded an apology for crime.

Mr. Harris moved to lay the bill on the table. The motion prevailed; yeas 25; nays 24.

In the Senate on the 19th, on motion of Mr. Chapline, the Judiciary committee was directed to inquire into the expediency of reporting a bill to provide for filling vacancies in the Supreme Court of Appeals.

Mr. Hoke offered a joint resolution proposing to amend Sec. VII, Art. VI, of the Constitution, so that the Supreme Court of this State shall consist of five judges, who shall be elected by the people and hold their office ten years, except the terms of the two additional judges, now proposed, shall one of their terms expire January 1, 1873, and the other January 1, 1877.

In the House, the special order of the day, being the consideration of the House Bill establishing a State Normal School, was taken up.

The House went into committee of the whole to consider the bill, and Mr. McWhorter took the chair.

On the second ballot, the vote was as follows:—For Marshall College—80; Messrs. Ballard, Bee, Bowyer, Brown, of Ohio; Burke, Caldwell, Carroll, Cracraft, Davison, Fergusson, Gibson, Grose, Heermans, Hibbets, Johnson, Keller, Kincaid, Lamb, Lane, Lightburn, Little, Mann, McCarty, McWhorter, Neel, Payne, Snider, Taylor, Vaughan and Workman.

For Martinsburg—21; Messrs. Armstrong, Beeson, Bickel, Billmeyer, Boreman, Cooper, Cunningham, Fleming, Harman, Harris, Hoffman, Koonce, Marshman, McQuiklin, Pinnell, Smith (of Brooke), Smith (of Berkeley), Spencer, Welton, Wheat, and Williamson.

The committee rose and reported the blank filled with Marshall College. The report was adopted.

Mr. Cracraft, by leave, introduced a bill providing for the publication of the general acts of the Legislature in one paper in every county.

In the Senate, on the 20th, Mr. Hoke, from the committee on the Judiciary, reported adversely upon the resolution proposing to strike out section 22, article 4, of the Constitution. Report adopted.

Mr. Hoke presented the petition of S. H. Martin and one hundred and seventy-three others, citizens of Berkeley county, in favor of the passage of the railroad bill. Tabled.

Mr. Hoke, on yesterday, presented the petition of Hon. E. B. Hall and thirty-three others, remonstrating against the passage of said bill, which was also tabled.

The following Senate Bills were passed:—Incorporating the W. Va. Transportation Company, and refunding the money paid by Jefferson and Berkeley counties as direct tax.

In the House of Delegates, Mr. Harris, from the special committee on the question of privilege in the case of James H. Fergusson, member of the House from Cabell county, made the following report:

The question of privilege raised by Mr. Fergusson, called the attention of the House to an article published in the Wheeling Daily Register of the 28th of January last, as editorial matter, where he ("said Fergusson") was characterized as a "pardoned thief," and the privilege of the House invaded by the charge that its members were associated with and led by a "pardoned thief."

Your committee is free to express the opinion that the House would have considered the matter wholly unworthy of its notice, coming as it did from a paper that has heretofore, on more than one occasion, published slanderous articles against members of both branches of the Legislature, and reiterated them, after they had been refuted to the satisfaction of all candid men; showing that it is conducted on the principle of malice, that it is well stocked to its good as the truth," but for the fact that, in this case, documentary evidence was produced, showing that said Fergusson stood indicted for the crime of grand larceny in the Circuit Court of Boyd county, Ky., in which indictment it was alleged that he did willfully and feloniously take, steal and carry away and feloniously take, steal and carry off a carpet-bag and contents, and an overcoat, the personal property of John M. Burns; and that at the April term of said Court, in the year 1866, he did procure the dismissal of said case then pending in said Court, by the production of a pardon from the Governor of the Commonwealth of Kentucky.

Your committee felt it to be its duty to investigate, as far as it was able to do so, the question of fact alleged in the indictment; as the relations between members of this House are such, so far as their official duties and intercourse are concerned, that it being once established against any member that he is a "pardoned thief," then the charge against the whole membership of the House, as to association of at least of an official character, would necessarily hold good.

Your committee desired to give the matter a fair, candid and thorough examination, for notwithstanding the implied endorsement of Mr. Fergusson by the loyal people of Cabell county, in choosing him as their representative in this House, and notwithstanding the presumption of law, even though a man stand until his guilt shall have been shown by evidence, yet your committee could not shut its eyes to the fact that Mr. Fergusson's enlargement was procured by an act of Executive clemency, not to the spontaneous conclusion

That must arise in the mind of every man, that this fact unexplained, carries in it an implied confession of guilt.

Mr. Fergusson's accuser, the proprietor of the Register, was applied to by its committee, through its Chairman, in the accompanying correspondence, (marked A, B, C, D and E), to furnish evidence, but, as the letter marked "E" elicited no response, and as more than a week has elapsed since it was sent to him, your committee feels warranted in the conclusion that he was willing to rest the matter on the documentary evidence to which reference has been made.

Mr. Fergusson was also requested to furnish any evidence he could to exculpate himself, but has furnished but little that your committee can accept as evidence. The evidence of Capt. Ramsdale, who saw the parties come off the boat on which the crime is alleged to have been committed, tended to confirm the statement made by Mr. Fergusson to the House in regard to his condition, and also showed that the overcoat of Mr. Burns, alleged to have been stolen by said Fergusson, could have been of no value to him for his personal use, as it was much too small for him to wear.

It is perhaps the duty of your committee to state that, upon his own request, Mr. Fergusson was permitted to make the committee a statement under oath, in regard to the matter; but that no part of this statement can claim the weight of evidence, except the admission of the fact that he did consent to the use of the pardon referred to, to procure his dismissal from the custody of the Court.

Your committee are disposed to take Mr. Fergusson's statement of the affair, in regard to the circumstances attending it, so far as his condition is concerned, as true, but do not accept the plea of intoxication as an excuse for crime.

In conclusion, your committee feel bound to say that, whilst Mr. Fergusson's accuser has failed to adduce any testimony to strengthen the documentary evidence which he has produced, Mr. Fergusson, on his part, has failed to produce any evidence to weaken the force of the documentary evidence produced by the accuser of the Register, in justification of his charge.

Your committee have thus endeavored to present a plain statement of the facts of the case, as far as they have been able to develop them, and it now remains for the House to determine whether any, and what further action it may be proper to take in the matter.

T. M. HARRIS, J. W. CHACRAFT, S. S. SPENCER, GEO. KOONCE.

The undersigned, members of the committee, concur in the following viz: That, without deciding on the actual guilt or innocence of Mr. Fergusson, (a question that they have no means full to investigate) they yet think that the legal aspect of the case, from the evidence before the committee is such that a proper regard for the honor of the House would lead Mr. Fergusson to disembarass it of the implication now resting upon it, by resigning his seat.

T. M. HARRIS, S. S. SPENCER, J. M. BICKEL.

During the afternoon of the same day, the report of the committee on the question of Privilege in the Fergusson case was taken up. An extended discussion ensued upon the report. The members of the committee said it had been a disagreeable task, but they had endeavored to do their duty.

Mr. Wheat said the report amounted to nothing. The House knew Mr. Fergusson had been indicted and pardoned; what we wanted to know was whether the man was guilty; if he was guilty expel him; if he was a thief we could not as an honorable body of men sit on the same floor with him; he did not believe he was guilty, and would vote for the rejection of the report.

Mr. Cunningham said Mr. Fergusson had admitted his guilt, before the question had been submitted to the committee; we had too many pardoned men in the land now; the gentleman appeared to have been on all sides of the question, and as he told us the other day, he had received a letter from a woman he styled his wife, who was a rebel; he had his doubts as to his loyalty. The committee had done their duty, and we should meet the question fairly and adopt it.

Mr. Fergusson made an extended speech; he said designing men had gotten up the whole affair for personal and party ends. He had on a former occasion gone into the details of the case; he stood to-day as guiltless of crime as any man. If the report and recommendation were adopted he would not resign.

After further debate, on motion of Mr. Carroll, the report was indefinitely postponed by the following vote:

YEAS—29; Messrs. Armstrong, Ballard, Beeson, Billmeyer, Brown, (of Ohio), Burke, Caldwell, Carroll, Cracraft, Davison, Fergusson, Gibson, Grose, Heermans, Hibbets, Johnson, Keller, Kincaid, Koonce, Lamb, Lane, Lightburn, Little, Marshman, McCarty, McQuiklin, Neel, Payne, Smith (of Brooke), Smith (of Berkeley), Snider, Wheat, and Workman.

NAYS—19; Messrs. Pinnell, (Speaker), Bee, Bickel, Bowyer, Cracraft, Cunningham, Fleming, Gibson, Grose, Harris, Heermans, Hiser, Hoffman, Mann, McWhorter, Spenser, Taylor, Vaughan, and Williamson.

House adjourned.

The Future French Emperor.

The young Prince Napoleon Eugénie Louis Jean Joseph, son of Napoleon Eugénie Eugénie and prospective Empress of France, was born on the 15th of March, 1856, and is now drawing toward the completion of his eleventh year. While still in arms he was placed on the muster-roll of the French Imperial Guards, as a private in the regiment; for, as it was intended that he should receive a military command, and afterward assume a commission in the army, he should at least nominally go through all the gradations of the service. When old enough to begin to learn the military exercises, he was put through them with other youths of his own age and in this way he was taught the bayonet and other drills before he was eight years old. By this time, too, he had been made a non-commissioned officer of his regiment, and is now passing step by step, through the various grades toward the rank of colonel.

But special attention has been given to his military training, his education as a citizen has not been neglected. Besides the ordinary rudiments of instruction, he has received lessons in two or three handicrafts, the last of which was the setting up of types in the imperial printing-office of Paris. The object of this may have been simply to extend his sphere of knowledge and enlarge his views in after life, but the ability to earn a living like an ordinary individual has before now proved a valuable accomplishment for even the heir to a throne. In the event of the death of Napoleon III, before the Prince Imperial reaches the age of 16, it is arranged that the government of the country shall be carried on for a time by a Regency under the Empress, assisted by Prince Napoleon, cousin of the Emperor.—Balt. Sun.

A Strong Appeal.

While the iniquitous Military Force Bill was under consideration in the Senate, Mr. Donnell of Wisconsin, made a speech of several hours' length, from which we make the following extracts:

"I rise to plead for what I think the life of the Republic, and for that spirit which gives it life. I would here also answer for myself, because of a former occasion, for what I believed would follow as a necessary and logical consequence of the adoption of certain fundamental heresies originated in the State of Massachusetts, and of which the Senator of Massachusetts on my right (Mr. Sumner) is the great advocate and champion. I have been for nearly eight months denounced in my State by many of my former political associates and friends for forwarding these results which have now come; which are now pending before this Senate in the bills which have come from the House of Representatives; for denouncing them in vain; for asserting to the people of Wisconsin that they would here also answer for myself, because of a former occasion, for what I believed would follow as a necessary and logical consequence of the adoption of certain fundamental heresies originated in the State of Massachusetts, and of which the Senator of Massachusetts on my right (Mr. Sumner) is the great advocate and champion.
