CHARLESTOWN, VA.

Tuesday Morning, November 17, 1868.

(From the Anti-Slavery Standard.)

The Radical View of the Result.

Abolitionists and earnest Radicals are

now summoned to address themselves to the

work which is yet to be accomplished.

It has become very apparent, through what has

transpired in Georgia and elsewhere, that the

Reconstruction law requires careful revision

and perfecting in sundry particulars. The

negroes and loyal whites of the South greatly

wish the means of self-defense. The question

of confederation, especially with reference to

the large amount of land fraudulently conveyed

from the possession of the United States Gov-

ernment to the hands of rebels, should be

also considered in the interest of the landless

blacks, to whom by virtue of their past un-
just treatment the soil rightfully belongs. A

system of national education which shall be

comprehensive, and at least co-extensive with

the extension of the ballot, should be intro-

duced by Congress. The measure of primary

importance now to be promptly initiated and

adopted on the re-assembly of Congress, is an

additional amendment of the Constitution

forbidding disfranchisement, or proscription

from official trust, on account of race or color,

in any State or Territory of the Union.

Such an amendment, if adopted promptly

by Congress and submitted to the Legisla-

ture of the several States would, doubtless,

now be ratified by the requisite number. It

is urgently demanded to guarantee the ballot

to Southern men, and to enfranchise many

thousands in the Border and Northern States.

This measure should not be postponed for the

consideration of the Forty first Congress, but

should be promptly acted upon and adopted

by the Fortieth.

"Let us have peace" has been many times

repeated during the progress of the war. One

danger before us is the assumption that the

fact of Grant's election in itself will insure

"peace" at the South. Abolitionists, and

those who have studied attentively Southern

society, know better than this. While South-

ern Legislatures are permitted to perpetrate

such high-handed outrages as the lawless

expulsion of colored members, as in Georgia,

without due punishment; if rebels are per-

mitted to take seats in the House of Repre-

sentatives, who come from districts wherein col-

ored and white Republicans were practically ex-

cluded from the ballot, and to whom the law

is denied, the negro still the bone of conten-

tion, and until his manhood and political

equality is everywhere recognized he will

continue to be a disturbing element in our

politics. Scarcely under the political dis-

franchisement of the South will he hold any

respectably if his treasonable chief is per-

mitted to remain in the White House till the

4th of March next. With the triumphant

re-election of General Butler, and the well

known desire of most of the new Southern

members for the revival of the old constitu-

tion of the successful consummation of the

impediment and deposition of Johnson, by

the beginning of the new year. With Wade

even two months in the White House, and

such tools of treason as Rosecrans, Steadman

& Co., of New Orleans, and nearly Sherman,

and other traitors in the cabinet, it is not

surprising that the Reconstruction law has

been so far from being a blessing to the

South, as it is supposed to be, that it has

been a curse to the negro, and a source of

discontent to the white people. It is a

deliberate and organized injustice to the

negro, and a source of discontent to the

white people. It is a deliberate and

organized injustice to the negro, and a

source of discontent to the white people.

It is a deliberate and organized injustice

to the negro, and a source of discontent

to the white people. It is a deliberate

and organized injustice to the negro, and

a source of discontent to the white

people. It is a deliberate and organized

injustice to the negro, and a source of

LOCAL MISCELLANY.

STILL WANTED.—Our Wood notice of last week has been thus far disregarded. We can but renew the same, with this additional remark, that if not sent at once, it will not be received at all. Nov. 17.

THE COUNTY ELECTION.—SUPERVISOR'S COURT.—The force of our recent election for county officers is not yet ended, though the Board of Supervisors was in session several days of the week preceding the last. The paucity of votes in all, legal or illegal, renders the whole matter so ridiculous and contemptible to the taxpayers of the county, that further controversy on the subject is regarded as simply preposterous. But the return having been given to the Democratic candidates for the county offices, the whole radical pack, with one accord, we presume, have fallen back upon their accustomed mode of defeating the expressed will of the people, by giving notice of contest before the Board, and from that to a radical Judge, with the case already predetermined, as follows:—

To the Board of Supervisors of Jefferson county: You are hereby notified that I intend to contest the election of John E. Erwin to the office of Assessor of Jefferson county, in the State of West Virginia. Given under my hand this 6th day of November, 1868.

ANTHONY TURNER, by Chapline & Ingles, his attorneys. To the Board of Supervisors of Jefferson county: You are hereby notified that I intend to contest the election of Henry C. Entler to the office of Recorder of Jefferson county, in the State of West Virginia. Given under my hand this 6th day of November, 1868.

GEORGE W. CHASE, by Chapline & Ingles his attorneys. The legal vote, as returned, to which these gentlemen filed exceptions, is as follows: For Assessor, Erwin, 161, Turner, 92; Prosecuting Attorney, Andrews 128, Stubbs 92; County Recorder, Entler 124, Chubb 99. Now these majorities, surely, are quite enough to determine the matter, if it is intended that right and justice shall be maintained. But such is not the design, and the Board is to meet again to-day, "to hear and consider the contested election cases." So we go! And all this under plea of loyalty to the bastard offspring of a political rap.

FAST DAY.—The President of the U. S. has recommended that Thursday, 20th inst., be observed as a day of fasting and prayer for mercies extended and afflictions withheld. The Governors of most of the "loyal" States have concurred in the recommendation, though in their Proclamations invoking the people to its observance, we notice more political, cutting hypercity than reverential regard to the true "Giver of Good." The Creature rather than the Creator, is the only God of these worshippers of Baal, and most of them would sell their birth-right for a mess of pottage or betray their master, as Judas did before them, for the thirty pieces of silver. Witness the following extract from DOBBSMAN'S twaddle, who signs himself as Governor and holding the "great seal of West Virginia." He says:—

"It is gratifying to reflect that the cause of truth and justice has achieved new triumphs in the declaration and defence of human rights. May we not hope that amity and prosperity may every where prevail, and that the auspicious present may be followed by a future of undisturbed tranquility in our social and civil relations."

THE BUILDING ASSOCIATION of this town is in a prosperous condition, and its beneficial results infusing itself throughout the whole community. The day will yet come, if the organization is properly sustained, when every provident and prudent "poor man" in our midst, can have a little home of his own, from the simple axiom of old Franklin, that a penny saved is a shilling made.—There is money to loan again on next Saturday night, the shares on the last evening having been sold at \$142.50 and \$145.25, which exhibits a most favorable condition.

A NICE IMPROVEMENT.—The Bar and Restaurant of Mr. John H. Easterday, in the Basement of "Spirit Building," has been remodelled throughout, and with the handsome painting, beautiful papering, large mirrors and French glass decorations, presents a more attractive appearance than any similar establishment in the Valley. The quality good of stock on hand, and the spirit of accommodation proverbial, as the letters of the Bivalve and other luxuries of the season, night's attest.

THE GOOD ORDER and peace of the town was greatly disturbed on Sabbath last, by a fight between George Blue and Jim Chaublin—the latter being very considerably worsted, perhaps not more than he deserved, if a mere suitable day had been taken for his infliction. The authority of law is no longer exercised in our community, and whatever peace or good order prevails, is simply the teachings of better days and more respected rulers.

REMOVED.—Our neighbor of the "Old Family" has come down a peg or two from "Jefferson Hall," and now enjoys most comfortable and commodious quarters, second story of "Jefferson Building," and the same formerly occupied as the Spirit office. We wish a smooth sea and a prosperous voyage to his little craft and all on board.

THE REV. ALPHUS WILSON'S ministrations in the Methodist Church of this town on Sabbath last, attracted a large attendance, who manifested the deepest interest and greatest pleasure in the eloquent and forcible expositions of the Word of Life. The Holy Sacrament was also administered.

ALL BOSS.—The Fall Term of the United States Circuit Court commences its term in Richmond on the fourth Monday of this month, and we learn from the Dispatch that the following judgments are still pending, not one of which should ever have been docketed, or will ever be tried to conviction:—

Treason.—Jefferson Davis. Violation of Civil Rights Bill.—Judge H. W. Thomas. Priority in Registration.—Hon. John S. Pendleton, F. W. M. Holliday, L. V. Shearer, John F. Wall, Moses Green, Edward Hoffman.

Pay in taking the Iron-clad Oath.—John R. Chandler. To VALLEY TRAVELERS.—We publish this week the card of the American Hotel, Harrisonburg, Va., which has just passed under the control of Capt. Jno. M. LOCKE and Mrs. MARY C. LUFKIN. Capt. Locke is a former citizen of this county, and will know in our community. He is a most agreeable and accommodating gentleman, and while he has control of this house, we are sure that our friends who travel through the Valley cannot find a more pleasant stopping place than the American Hotel, Harrisonburg.

DEDICATION.—The colored Methodist Church in this town, was dedicated on Sabbath last, as we learn, with very imposing ceremonies; several ministers, the choir of W. Winchester, and an immense number of the colored population from all parts of the county, being present.

FINE CATTLE.—A drove of 122 head of fat cattle passed through our town on yesterday, from Monroe county, Va., destined for Baltimore. The owner informed us that the stock on hand in South-western Virginia was very small, and the supply for market almost exhausted.

THE METEORIC SHOWERS for the present month, in our vicinity at least, have been but few and far between. On Friday night, the heavens were literally bespangled with the twinkling luminaries, but being so coarsely enclouded, preferred rather to retain their native element, than "madly shoot" from their glorious orb to this mundane sphere.

AGAIN IN SESSION.—The Legislature of this State re-assembled on Tuesday last.—The chief business of the session is to complete and pass upon the Code. The head nincompoop in codifying this new Code is FLOKE, of Berkeley. Shades of the departed, good God deliver us!

GOOD SALE.—Mr. Martin H. Miller sold his farm a few days ago, containing 199 acres, situated near Shepherdstown, for \$95 per acre.

See "Dental Notice" of Dr. McCormick, who expects to visit our people on Monday next. He desires us to say his visit would have been earlier, except for sickness in his family.

Thursday next, 19th, sale of the valuable farm of the late James D. Gibson, near Charleston. See advertisement of this, and other valuable real and personal property soon to be offered, in to-day's issue.

GENERAL ROBERT LEE.—We were informed yesterday that the "Knickerbocker Life Insurance Company" of New York have transmitted a communication to General Lee, tendering to him the position of "Supervisor of the Armies" of that institution in the Southern States. The salary proposed to be paid is \$10,000 per annum.

In this connection we may state that there has recently been considerable "talk on 'Change' about the expediency of electing General Lee to the Presidency of the Chesapeake and Ohio Railroad Company. The advocates of the idea argue that his election, to that position would secure the immediate realization of the funds required to complete the road to the Ohio river. —Rich. Whig.

Kennettville, North Carolina, with scarcely a hundred inhabitants, has on North this fall, nearly \$100,000 worth of dried fruit. —One house recently sold of thirty six thousand pounds of peach stones, which cost fifty cents per bushel; and one lady in the same place has collected nearly one bushel of apple seeds, for which she is to receive twenty five dollars.

The Bedford (Va.) Sentinel learns that Capt. Wm. V. Jordan, near that place, has made from a lot of two and three-quarters acres, twenty-four barrels of corn, seventeen bushels of white beans, sixteen bushels of potatoes, nine hundred cabbages, ten or twelve bushels of turnips, and two wagon-loads of pumpkins—besides many vegetables for the table.

MARRIED.—At the residence of T. B. Barton, Esq., on the 11th of November, 1868, by Rev. Magruder Murray, D.D., was solemnized the marriage of MARY BERKELEY, only daughter of the late Gen. DAVID B. BARTON, of Frederickburg, No. Car. to Miss MARY M. MESSYER DOLL, of Baltimore, to Miss BETTIE JAMES HUNTER, eldest daughter of Dr. Hunter, of the former place.

DIED.—On Saturday last, at his residence near Myrtleton, in this county, Mr. WILLIAM H. MYERS, (of Joseph,) in the 37th year of his age. On Wednesday last, near Shepherdstown in this county, Mr. SIMON F. SNYDER, (son of the late A. Snyder,) aged about 33 years.
