THE WOOD-CUTTER'S WIFE.

The Wood-cutter's Wife. "Some years ago," says a foreign journal, "the captain of a large corsear carried off the wife of a poor wood-cutter, residing in the neighborhood of Messina. After detaining her for several months on board his vessel, he landed her on an island in the South sea, wholly regardless of what might befall her. It so happened that the woman was presented to the savage monarch of the island, who became enamoured of her. He made her his wife, and placed her on the throne, and at his death left her sole sovereign of his dominions. By an European vessel which recently touched at the island, the poor wood-cutter has received intelligence of his wife. She sent him presents of such value that he will be one of the wealthiest private individuals in Sicily, until it shall please her majesty, his august spouse, to invite him to her court."

THE LADIES—HOUSE OF COMMONS.

Mr. Grant Berkeley carried a motion in the House of Commons, England, on the 3d April, for admitting the ladies into the stranger's gallery. It was contended that in France, Germany, Switzerland, and, in short, every where but in England, the ladies were admitted to the legislative debates. Mr. O'Connell said that in the Irish Parliament, members were in the habit of coming into the house drunk, until they admitted ladies. They never came in drunk afterwards. The presence of ladies would be a restraint upon members—they would be more orderly, and fewer stupid speeches would be made. The motion prevailed by a vote of 132 to 90.

Important.—We perceive by our London papers, that the large sleeves of ladies' dresses have gone entirely out of fashion.

The sleeves are now small, and banded in three or four places; presenting what the dress-makers call *chiffons*. This is important, but the shop-keepers have been wise. What is lost in the dimensions of the sleeves is amply gained in the enlarged capacities of the skirt. [U. S. Gaz.]

A Scene in Kentucky.—Early one morning the shouts and cries of a female were heard, all ran to the spot.

When they arrived they saw a poor man and a man in combat. They had it hip and thigh, up and down, over and under—and the man's wife standing by and hallooing, "Fair play! fair play!" The company ran up and insisted on parting them. The woman said, "No, no, let them fight; it's the first fight I ever saw in which I didn't care which whipped."

A Witness to Character.—At the assizes which have just terminated at Taunton, Somerset, a countryman who was put into the witness-box to give the prisoner the benefit of his evidence as to character, on being asked if he knew any harm of the prisoner, replied, "that he never knew much harm of him, only that he was given to thieving a little."

A CARD.

The public are assured that Doctor Griffith's Yeast-Cake, Biscuits, Cream, or PLEASANT, has given the most complete and perfect satisfaction, as a remedy for pains, lameness, and weakness in the side, breast, and back, or any part of the system where it has been introduced, and has superseded the use of every other strengthening Plaster, whatever its virtues have become known. It has likewise proved itself to be an excellent and effectual remedy for Rheumatism and Corns upon the feet. In proof of which, nothing further need be adduced than the fact that upwards of 200,000 rolls of this Plaster have been sold in the United States, upon the sea-board in the middle and northern States.

DOCTOR PHILIP P. W. STEPHENSON.

IS NOW prepared for the practice of his profession, and offers his services to the citizens of Harpers-Ferry and its vicinity. His office is in Mrs. Stephenson's House, where he may generally be found. Harpers-Ferry, April 21, 1833.

On the 15th of August next. Real & Personal Property BY LOTTERY. To be disposed of under the superintendance of the Trustees appointed by an Act of the General Assembly of Maryland, passed at December session, 1831, to authorize Henry Snider, George Snider and John Snider, to Distribute the Estate by Law.

THE PASSENGER CARS.

Byron is full five feet three and a half inches high, seven years old next spring, a fine bay, very good natured, excellent spring, and a very good runner. He was got by the celebrated race horse Virginia, who was certainly among Sir Archy's first favorite sons; his dam was Coquette, (the by Sir Archy); his dam was also the dam of the distinguished race mare Virginia Lafayette and Virginia, who was got by Sir Archy, was the celebrated Old Bet Bounce; he was also the dam of Arab, Barshaba, (considered the most promising young mare ever raised in this or any other country, she died very young, never having run but one race, which was against the celebrated Betty, which she was victorious in, being no match for her.) Tariff, Brilliant, &c. Betty Bounce was by the imported Sir Harry, the best son of Sir Peter Teazle; g. s. d. by old Medley, g. s. d. by Mark Anthony; g. s. d. by Jolly Roger; g. s. g. s. d. the famous imported mare Jenny, by Harrison. W. M. R. JOHNSON.

PERFORMANCES.

Spring, 1828, then three years old, he ran for the great sweepstakes, over the Halifax course, North Carolina, to which there were seven subscribers, \$500 each, when he was the second horse, making a fine race in general time, although he was quite lame for several days before the race. Part of the time he ran the "past stake" at Norfolk; he starting, two mile heats, entrance two hundred dollars each. This was among the best races ever run in the State, the second heat in three minutes forty-two seconds; won by Polly Hopkins, beating Byron not a length. He again became lame and did not start for the race, but he was not to be out of the next spring. Fall 1829, he put him in training, and continued him until his defective leg gave way, when I was obliged to give him up. While sound I had the highest opinion of him. His stock is much improved, many of his family are very high-bred; his dam at 17 years old for 1500 dollars; his sire at 19 years old for 1500 dollars; Arab for 5000 dollars; Brilliant for 1000 dollars; Tariff for 3000 dollars. The distinguished race mare Virginia Lafayette, from the same mare (viz. Byron's dam), 2500 dollars was refused for her just before her death; Byron himself was sold for 1500 dollars, and lately one half of him for 1500 dollars. Virginia Taylor, also out of the same mare, 2000 was refused for; at 3 years old ran four races, won three of them—one of the races she won was in three heats of two miles each, and each of the heats was run in three minutes and fifty-two seconds, winning first and second.

PRICE OF A TICKET—10 DOLLARS.

Arranged and Valued by the Commissioners appointed by the Legislature of Maryland.

DOCTOR JOHN R. HAYDEN.

HAYDEN declined, for the present, moving to the South-west, offers his services to the public in the different branches of his profession, and hopes by his skill, care, and attention to those committed to his care, to merit a share of public patronage. He may be found, when not professionally engaged, at a usual place of residence in Baltimore. In consequence of injurious reports having gone abroad, respecting his high character, he pledges himself to charge as low as any other Physician of respectable standing in the community; and henceforward, for services rendered, and prompt payment, he will receive 10 per cent. from the usual charges for medical attendance. March 10, 1836.—U

From his proximity to the Depot of the Rail Road, and the Steam Boat Landings, he offers facilities, and inducements to Travelers, to put up at his House. D. BRADY, Formerly of Virginia, Baltimore, May 19, 1836.

BYRON.

The property of Col. Wm. R. Johnson and Josiah Wm. Ware. This will be the last season in this country of this beautiful, thoroughbred racer—which will end on the 1st of July next—at my residence between Berryville and Snick's Ferry, in the county of Frederick, Md. The leap, if paid the moment the service is performed, if not, then the season price will be exacted; \$25 the season, to be discharged by the payment of 20, if paid by the 1st of July; and 40 insurance, to be paid as soon as the mare is known to be in foal. Parted with. Mares put last year to John Richards for the season or leap and failed, can be insured this year for season price by Byron. Mares put this year for season or leap to Byron, and failing, may be insured next year to such horse as may occupy my stand, the season price of such horse, if it does not exceed the season price. Mares will be taken to avoid accidents and escapes, but I will not be accountable for them. That this beautiful animal is of the most favorite family of racers and of the greatest beauty, will appear from the following list of his victories: He has won all the sweepstakes races, and judges of the world will be well pleased with him. I have one. If any horse will do in your country Byron will; as to beauty and appearance he has no superior. His colts are very much approved. Dr. Minge told me that there were several of them with Timoleon, and that they were decidedly the handsomest with him. I give you an extract (because from the best authority) of a letter I received from Thomas S. Applefield, Esq., who stood Byron last year, in relation to him, in which he says, "Byron's colts are of more promise than any I have seen, the people are much, very much pleased with him. I have one. It is the best formed animal I have ever seen in the most perfect of his kind. I am worthy of encouragement."—Extract from Colonel Johnson's letters in '30 and '31: "Byron is a beautiful horse, and on trial proved himself to be a great colt, but soon afterwards became lame and never had an opportunity of showing the proof he was able to give."—Col. Johnson and Applefield told me this trial over the New Market course, (Petersburg), would have done credit to any horse in the world.—Extract from Capt. J. H. Harrison's letter in 1831. "I think him (Byron) finely bred, and one of the best horses I have ever seen. He is a fine specimen of his kind, and his colts are very much highly of him."—Extract from J. M. Selden's letter in 1830. "Byron, of whom you have heard, was purchased by me at 2 years old for \$1500; is of the most approved blood in Virginia, and certainly, in the most beautiful animal in the world, and of the finest form. When three years old, Byron received an injury in one of his fore-legs, which prevented him from showing any figure on the turf, though in a piteous trial which Col. Johnson saw, he outwitted him able to run with any horse of his age in the world. When let down entirely, Col. Johnson purchased him of me; his g. dam Bet-Bounce, sold at fifteen years old for \$2000, and produced her different owners in colts actually sold, \$17,000; and I now have a letter by me, offering me \$1500 for one of her colts two years old."—Extract of a letter from Dr. John Mingo, to a gentleman of Harpers-Ferry county, in 1830. "Byron is full five feet three and a half inches high, seven years old next spring, a fine bay, very good natured, excellent spring, and a very good runner. He was got by the celebrated race horse Virginia, who was certainly among Sir Archy's first favorite sons; his dam was Coquette, (the by Sir Archy); his dam was also the dam of the distinguished race mare Virginia Lafayette and Virginia, who was got by Sir Archy, was the celebrated Old Bet Bounce; he was also the dam of Arab, Barshaba, (considered the most promising young mare ever raised in this or any other country, she died very young, never having run but one race, which was against the celebrated Betty, which she was victorious in, being no match for her.) He was got by the celebrated race horse Virginia, who was certainly among Sir Archy's first favorite sons; his dam was Coquette, (the by Sir Archy); his dam was also the dam of the distinguished race mare Virginia Lafayette and Virginia, who was got by Sir Archy, was the celebrated Old Bet Bounce; he was also the dam of Arab, Barshaba, (considered the most promising young mare ever raised in this or any other country, she died very young, never having run but one race, which was against the celebrated Betty, which she was victorious in, being no match for her.) Tariff, Brilliant, &c. Betty Bounce was by the imported Sir Harry, the best son of Sir Peter Teazle; g. s. d. by old Medley, g. s. d. by Mark Anthony; g. s. d. by Jolly Roger; g. s. g. s. d. the famous imported mare Jenny, by Harrison. W. M. R. JOHNSON.

PERFORMANCES.

Spring, 1828, then three years old, he ran for the great sweepstakes, over the Halifax course, North Carolina, to which there were seven subscribers, \$500 each, when he was the second horse, making a fine race in general time, although he was quite lame for several days before the race. Part of the time he ran the "past stake" at Norfolk; he starting, two mile heats, entrance two hundred dollars each. This was among the best races ever run in the State, the second heat in three minutes forty-two seconds; won by Polly Hopkins, beating Byron not a length. He again became lame and did not start for the race, but he was not to be out of the next spring. Fall 1829, he put him in training, and continued him until his defective leg gave way, when I was obliged to give him up. While sound I had the highest opinion of him. His stock is much improved, many of his family are very high-bred; his dam at 17 years old for 1500 dollars; his sire at 19 years old for 1500 dollars; Arab for 5000 dollars; Brilliant for 1000 dollars; Tariff for 3000 dollars. The distinguished race mare Virginia Lafayette, from the same mare (viz. Byron's dam), 2500 dollars was refused for her just before her death; Byron himself was sold for 1500 dollars, and lately one half of him for 1500 dollars. Virginia Taylor, also out of the same mare, 2000 was refused for; at 3 years old ran four races, won three of them—one of the races she won was in three heats of two miles each, and each of the heats was run in three minutes and fifty-two seconds, winning first and second.

BYRON.

The property of Col. Wm. R. Johnson and Josiah Wm. Ware. This will be the last season in this country of this beautiful, thoroughbred racer—which will end on the 1st of July next—at my residence between Berryville and Snick's Ferry, in the county of Frederick, Md. The leap, if paid the moment the service is performed, if not, then the season price will be exacted; \$25 the season, to be discharged by the payment of 20, if paid by the 1st of July; and 40 insurance, to be paid as soon as the mare is known to be in foal. Parted with. Mares put last year to John Richards for the season or leap and failed, can be insured this year for season price by Byron. Mares put this year for season or leap to Byron, and failing, may be insured next year to such horse as may occupy my stand, the season price of such horse, if it does not exceed the season price. Mares will be taken to avoid accidents and escapes, but I will not be accountable for them. That this beautiful animal is of the most favorite family of racers and of the greatest beauty, will appear from the following list of his victories: He has won all the sweepstakes races, and judges of the world will be well pleased with him. I have one. If any horse will do in your country Byron will; as to beauty and appearance he has no superior. His colts are very much approved. Dr. Minge told me that there were several of them with Timoleon, and that they were decidedly the handsomest with him. I give you an extract (because from the best authority) of a letter I received from Thomas S. Applefield, Esq., who stood Byron last year, in relation to him, in which he says, "Byron's colts are of more promise than any I have seen, the people are much, very much pleased with him. I have one. It is the best formed animal I have ever seen in the most perfect of his kind. I am worthy of encouragement."—Extract from Colonel Johnson's letters in '30 and '31: "Byron is a beautiful horse, and on trial proved himself to be a great colt, but soon afterwards became lame and never had an opportunity of showing the proof he was able to give."—Col. Johnson and Applefield told me this trial over the New Market course, (Petersburg), would have done credit to any horse in the world.—Extract from Capt. J. H. Harrison's letter in 1831. "I think him (Byron) finely bred, and one of the best horses I have ever seen. He is a fine specimen of his kind, and his colts are very much highly of him."—Extract from J. M. Selden's letter in 1830. "Byron, of whom you have heard, was purchased by me at 2 years old for \$1500; is of the most approved blood in Virginia, and certainly, in the most beautiful animal in the world, and of the finest form. When three years old, Byron received an injury in one of his fore-legs, which prevented him from showing any figure on the turf, though in a piteous trial which Col. Johnson saw, he outwitted him able to run with any horse of his age in the world. When let down entirely, Col. Johnson purchased him of me; his g. dam Bet-Bounce, sold at fifteen years old for \$2000, and produced her different owners in colts actually sold, \$17,000; and I now have a letter by me, offering me \$1500 for one of her colts two years old."—Extract of a letter from Dr. John Mingo, to a gentleman of Harpers-Ferry county, in 1830. "Byron is full five feet three and a half inches high, seven years old next spring, a fine bay, very good natured, excellent spring, and a very good runner. He was got by the celebrated race horse Virginia, who was certainly among Sir Archy's first favorite sons; his dam was Coquette, (the by Sir Archy); his dam was also the dam of the distinguished race mare Virginia Lafayette and Virginia, who was got by Sir Archy, was the celebrated Old Bet Bounce; he was also the dam of Arab, Barshaba, (considered the most promising young mare ever raised in this or any other country, she died very young, never having run but one race, which was against the celebrated Betty, which she was victorious in, being no match for her.)
