THE HARVEST.

The impression has now become general that the yield of the present harvest throughout the United States will not be inferior to that of any several years past.

A letter from York county, Pennsylvania, says: "There is a prospect of great crops in our county. The wheat and rye will be better than for the last ten years."

The wheat, too, of this year, it is thought, will be of an unusual fine quality.

Our town has witnessed, within the last few days, one of those novel exhibitions which have been fashionable in some of the eastern cities for some time past.

GREAT WHIG VICTORY. CHARLES NATHAN, the Whig Candidate for Congress, from the Third District in Pennsylvania, adjoining the city of Philadelphia, was elected on Friday last by a majority of from THREE to FOUR THOUSAND.

The Alexandria Gazette, speaking of the result of the recent election in Philadelphia county, says: "Such demonstrations as this, in places where Jacksonism has been rife, must satisfy the Government, that the people are turning rapidly against its measures."

A very large meeting was held in the city of New York last week, at which the Hon. DANIEL WEBSTER was nominated for the next Presidency.

The Baltimore papers speak of a splendid display of the Aurora Borealis or Northern Lights on Saturday night last.

THE VALLEY BANK. The not of the late extra session of the legislature, in relation to the surplus revenue, allows the Bank of the Valley to borrow \$750,000 of that fund.

It is rumored that the Bank of the United States will resume specie payments as an early day.

FLORIDA. All the late accounts concur in the belief that the troubles with the Indians in Florida, are far from being over.

FOURTH OF JULY.

The 61st Anniversary of American Independence was celebrated by the citizens of Chesapeake and neighborhood in a manner, which, at the present difficult crisis, speaks much in behalf of their liberty and patriotic spirit.

National Salutes were fired at sunrise. The Artillery Company, under command of Capt. G. W. Sappington, was on parade at an early hour, and at 10 o'clock repaired to the Protestant Church, accompanied by the citizens generally.

THE CROPS.

All accounts agree that there has been a considerable improvement in the Wheat Crop in Virginia.

The farmers are now busy with their scythes. It is the beginning of the wheat harvest, and the work goes merrily on.

The Government will likewise give its attention to the special establishments which have relation with the public service.

LEWISBURG, (Va.) June 23.

Cold Weather.—Some eight or ten days past we have had remarkably cold wet weather, so much so that it was uncomfortable without fire during the day, and on Wednesday last, 21st June, snow fell.

White Sulphur.—A correspondent informs us, that on the 20th inst. 100 persons had registered their names.

A NATIONAL BANK.—The result of former experiments, with the one we are now suffering, is sufficient to convince all parties in the U. States, that we cannot do without a National Bank.

BANK.—The result of the meeting, with the one thing, is sufficient to show in the U. States, without a National and keep in check the value of their paper, and of 600 banks and not only more there may be, year holding their right independent of the States to Government to regulate affairs, and preserve for among them, as a national institution, to a strong head.—A

A Joke for the People.—By the last of the month, it appears that the Bank of the United States has at this moment more specie in its vaults than it has notes in circulation. Let the Government then place its Pet Banks in a situation to resume specie payments, and the Bank of the United States will lead the way, or let them agree to make their deposits in the latter and it will resume to-morrow. If the Government refuse to do either of these things, it is the duty of the public to compel them. —*[Ball, Chron.]*

Alabama Senators.—By the Tuscaloosa "Flag of the Union" of June 17, we are informed that his Excellency CLEMENT C. CLAY, has been elected a member of the United States Senate for the State of Alabama, to serve six years from the 4th of March last, vice Hon. J. M. Kinley, resigned.

From the New Orleans Herald.

HORRID MURDER.—In Selma, Alabama, resided lately Messrs. Phillips and Dickerson, physicians. Mr. P. is brother to the wife of W. Bleavin, Esq., a rich cotton-planter in that neighborhood; the latter has a very lovely daughter, to whom Dr. D. paid his address, and report said he was engaged to be married to her. A short time since a gentleman from Mobile visited her father, saw her, fell in love, proposed, was accepted, and married her. Soon after this, a schoolmaster in Selma set a story afloat to the effect that he had heard Dr. D. say things about the lady's conduct before marriage, which ought not to be said about any lady. Dr. D. denied having said such things, and the other denied having spread the story; but neither denial sufficed to pacify the enraged parent, whose own feelings and daughter's reputation were thus trifled with. He met Dr. D. fired at him two pistol shots, and wounded him. Dr. D. was unarmed, and advanced to Mr. Bleavin, holding up his hands imploringly, when Mr. B. drew a Bowie knife, and stabbed him to the heart. The doctor dropped dead on the spot; and Mr. Bleavin has been held to bail in the sum of twenty thousand dollars in answer for the act.

Gen. Harrison has been appointed to deliver an Oration before the citizens of Cincinnati on the 4th of July.

THE COURTS.—The Court of Appeals is still in session on the Randolph Hotel.

Yesterday was the day for the meeting of the General Court, but only seven Judges were in attendance. A quorum (eleven) will probably be present to-day. —*Rich. Whig, June 27.*

SULLY has finished a most beautiful half length portrait of the lamented Chief Justice Marshall, intended for the Court House at Staunton, Va.

NEW CARICATURE.—Robinson, of Cortland street, has lithographed a new drogery. We can't stop to study these matters very closely, but we believe it may be called the explosion of "My Currency." General Jackson mounted upon a whole hog, and the fattest brute of his family that we had seen for a long time, is about plunging over a precipice in chase of a golden butterfly. Benton, astride an Ass, is cheering him on and belaboring his own beast with a feathered cudgel, labelled "expanding iron." A certain interesting little bald-headed gentleman, who looks marvellously in the face like Mr. Van Buren, has been following his predecessor "full chisel," upon fox, but is upon the point of taking a new track—saying as he goes, "Although I follow in the footsteps of Jackson, it is expedient to deviate a little." —*New York Gazette.*

Monument to Mrs. Hemans.—On the monument erected over the remains of Mrs. Hemans, at Dublin, is the following inscription: "Pelicia Hemans, died May 16, 1835, aged 41; after which, are the following lines from her poem, entitled The Dirge: "Calms on the bosom of thy God, Fair spirit, rest thee now! Even while with us thy footsteps tread, His seal was on thy brow. Dost thou in sorrow home beneath! Soil to thee peace on high! They that have seen thy look in death, No more may fear to die."

To prevent milk from turning sour.—Add to each quart of milk about 16 grains of bi-carbonate of soda. It does not injure the taste of the milk, and adds remarkably to the digestion of it. It will keep in the warmest weather several days.

Encounter.—A wag informs us that an affair took place last night, between himself and a mosquito. The battle was a drawn one—he throwing the pillow at the blood-thirsty ruffian, which was caught and sent back.—*N. O. Pic.*

GRAIN.—There have been no imports of foreign grain this week. Sales of good to very prime red German have been made at \$1.05 per bushel. A lot of very superior, heavy white, about 700 bushels, was sold this week at \$1.80, and about 5000 bushels, a part of the same cargo, but not in such good condition, at \$1.75.

CORN.—On Tuesday sales of yellow were made at 65 cents, and white at 55 cents, but since then the receipts have been very large, and prices fell to 45 cents for yellow, and 35 cents for white, which are the prevailing rates to-day.

RYE.—The last sale of Maryland was at 87 cents.

OATS.—Are rather more abundant. Sales yesterday and to-day at 50 to 51 cents.

PROVISIONS.—Western Bacon is scarce and in demand, and the article is taken readily as fast as it arrives at 25 cents, which is an improvement on last week's prices.

WHISKEY.—The market continues dull. We quote hds. at 34 cents and bbls. 35 cents. The wagon price of bbls. is 30 cents exclusive of the barrel.

A CARD.

IN PRESENTING my respects to the Ladies and Gentlemen of Charlestown and its vicinity, I beg to announce to their patronage, my intention of opening a DANCING SCHOOL, wherein my particular attention shall be devoted to the pupils entrusted to my care, for the purpose of acquiring a knowledge of the Art, which, I believe, is in its present light, most acknowledged as a general accomplishment, absolutely essential to those who love it, or in future may wish to be more in the circles of society—and which, has ever been considered a recommendation, if not a necessary part of a finished education.
