IMPORTANT LETTER FROM GOVERNOR KINNEY OF ILLINOIS.

DEAR SIR: Your letter of the 6th ult., which you have done me the honor to address to me on the part of the Central Committee has this moment come to hand, and I regret that I am so indisposed (having been confined to my room for three weeks with a fever) that I shall be compelled, in part, to answer your several inquiries by referring to a portion of my publications, which I enclose herewith. You ask me, if, in yielding my support to General Harrison for the Presidency, I have deserted any of the democratic principles which I have heretofore advocated. I answer unhesitatingly that I have not. And, as an evidence of this, I beg leave to refer you to my letter addressed to the Hon. A. W. SNEYDEN, at his request; which letter was published in the Madisonian, Backwoodman, State Register, and other papers; and I would thank the editors of those papers to re-publish the letter, as it will show to the people my views upon the subject.

GEN. HARRISON AND A BANK.

It is contended in this State that the public has no objection to Gen. Harrison's disposition to favor a U. S. Bank—that is, to support such an institution—and that therefore bank advocates are inconsistent in sustaining his pretensions to the Presidency. What are we to say of the fact that Gen. Harrison recorded his vote in Congress against the old bank; yet he is not opposed to a well regulated National Bank—Gen. Harrison in his celebrated letter to Sheriff Williams, written 7th April, 1839, remarks—

"The question, then, for me to answer is, whether, under the circumstances you state, if elected to the office of President, I would sign an act to charter another bank. I answer, I would; if it were clearly ascertained that the public interest in relation to the collecting and disbursement of the revenue would materially suffer thereby, and that there was an equal and manifest objection of public opinion in its favor."

THE ARMY BILL—THE GAG LAW TO BE REVISED.

The title of the "Alien and Sedition Law" of John Adams' Administration is as follows: "An Act to regulate the entry of aliens into the United States, and to punish those who shall be guilty of treason or sedition against the said United States." The following is an extract from that memorable act.
