CHARLESTON OVERVIEW.
Thursday Morning, May 20.

MARYLAND ELECTION.—Sufficient returns have reached us to place it beyond doubt that Maryland will be represented in the next Congress by SIX Whig and TWO Opposition members—being a clear Whig gain of three men.

First District.—(Eastern Shore) No opposition to the Whig candidate; of course he is elected.

Second District.—(Eastern Shore also) Hon. J. A. Faunce (Whig) elected.

Third District.—Baltimore and Harford Counties, including the two majoritarian districts.

Fourth District.—Baltimore City and Anne Arundel County, Hon. John C. Kennedy, Esq., and Mr. Knobell (Whig) elected without 200 majority. The V. S. majority is in the city of Baltimore.

Fifth District.—Wm. Con. Johnson re-elected.

Sixth District.—Francis Thomas' Mr. Mason (V. S.) elected over Mr. Lynch (Whig) by 2 or 300 majority. In Frederick County, Mason's majority is 271—in Washington county his majority is 452. Two Whigs in each county were beaten from the Allegheny to be heard from.

Particulars, as in our box.

NORTH CAROLINA ELECTION.—The returns before us indicate that the Whigs will also gain three members of Congress in North Carolina.

In the Caswell district—Shepherd is elected—A Whig gain.

In the Newbern district—Washington is elected—A Whig gain.

Raymond (Whig) and Wm. H. Smith (Whig) tried at New Castle on a similar charge.

7.—KIDNAPPING.—The Wilmington (Delaware) Journal states that Jacob K. Grinnell, lately tried before the Court at Dover, was convicted of kidnapping, and sentenced to four years' imprisonment, a fine of \$100 dollars, and to stand at the bar of the court for one hour each day, or for six months.

8.—CHARLES MARTIN has been appointed Postmaster at Chillicothe, Ohio, and Caleb Poole, Postmaster at Salem, Massachusetts.

9.—Treasor of the Revenue engaged in the St. Louis custom house.

10.—Congress will convene on Monday week. Already the members are on the move for Washington from all parts of the country. The President's message is looked for with the greatest interest by all parties. The Whig majority at the approaching session will be about 30—and it is thought the following 17 States, having 152 representatives out of 212, the whole number, will be in favor of a National Bank at this session; Maine, Massachusetts, Rhode Island, Connecticut, Vermont, New York, New Jersey, Delaware, Maryland, North Carolina, Kentucky, Tennessee, Ohio, Louisiana, Indiana, Mississippi, and Michigan. Of the remaining States, Pennsylvania, Illinois, and Georgia, with 40 representatives, are set down as doubtful upon the question. New Hampshire, Virginia, South Carolina, Alabama, Missouri, and Arkansas, with 42 representatives, are all the States, a majority of whose members it is supposed will be found in opposition to the measure. If it passes the Senate, it will be by a bare majority.

11.—The Van Buren press, says the Wheeling Times, now declare that the times are harder than ever, money scarce, and prices lower. What they do not say is, why they sold the people there was no distress in reality—that the only pressure was caused by the Whigs, to effect the election of Gen. Harrison, & that prices would be higher and business revive after the election. They said that the use of the sub-treasury, so soon as it became law, of the land, would improve the currency, prices, and business. The sub-Treasury has been in operation almost a year, and yet they say, prices are lower, the currency worse, and money more scarce than before the election of Gen. Harrison.

12.—INDIANA ELECTION.—The Whigs have carried every District but one—and that one the strongest Whig district in the State. The only one lost by running two candidates. In the last Congress there were 3 Van Buren and only 2 Whigs from Indiana. Now the Whigs have 6 and their opponents 1—a Whig majority. George H. Dyer (Whig) James H. Craven, David Wallace, Henry S. Lane, and R. W. Thompson (all Whigs) have been elected; and Kennedy (V. S.) in the district lately represented by Bardeau (Whig) which gave Gen. Harrison a majority of 4,622 in October.

Seventeen Whig members of Congress to 3 Van Buren, from the States of Kentucky and Indiana, (the result of elections in the last few weeks) leaves us hardly anything to wish for.

13.—TENNESSEE ELECTION.—The Congressional election took place on the 8th instant. At Nashville, the vote stood for Cartwright (V. S.) 618, and W. Hall (V. S.) 59. At the Presidential election last November the vote at this place was—Harrison 651—Van Buren 470.

Mr. Cartwright is chosen by a large majority over his opponent.

In the first district of this State, Thomas D. Arnold (Whig) is elected, without opposition.

In the second district, Abram McCellan (Opposition) is re-elected by a majority of about 400 votes. His majority at his last election was 2,000 votes; and the Van Buren majority in the same district at the late Presidentialional election was 600 votes.

In the third district, Joseph L. Williams (V. S.) is re-elected, without opposition.

We have no returns from any other districts in the State than the above.

14.—MINISTER TO ENGLAND.—The Washington Correspondent of the New York Commercial states that the Hon. John M. Clayton will go to England as Minister Plenipotentiary, to the place of Mr. Stevens. Mr. C. is a man of splendid attainments, and will do honor to our country at that court.

15.—NEW YORK.—The special election for a member of Congress in the place of the Hon. Francis Granger, has resulted in the choice of John Gaine (Whig) by about 500 majority.

16.—MASSACHUSETTS.—Charles Weston, the Whig candidate, has been chosen to Congress in Massachusetts, (Worcester District,) to supply the vacant seat occasioned by the retirement of the Hon. Ezra Linsley. Majority said to be 600 of 600.

17.—Friday last, in accordance with the recommendation of the President, was observed by the citizens of Charlestown, as a day of mourning, humiliation, and prayer, for the loss of the late Chief Magistrate of the United States. The stores were all closed, business of every kind suspended, and the religious exercises attended by the citizens generally.

18.—At an adjourned meeting of the Stockholders and Directors of the Harper-Perry Savings Institution, on the 18th instant, the following gentlemen were elected Directors of said Institution for two years: Hon. George Bradburn, Amos J. Love, Dr. John Kirby, Philip McElroy, John Barnes, Wm. Richards, William Kirby, John L. Moore, and James Wilson.

It is stated by a letter from Washington to the Charleston Courier, that the Secretary of the Treasury has proposed a plan for a National Bank, which will be paid for by the extra session—the capital to be \$25,000,000, and reserving the late bank in its main features, with such additional checks, guards and restrictions as experience may have suggested.

19.—The Charleston Courier is guilty of the most flagrant libel on the public character of the administration, and deserves a severe punishment upon the Culpeper, and, by re-publishing Mr. McDowell's celebrated Report in favor of a National Bank, is to blame.

20.—CHARLES COOLE, died at his residence in Somers, Orangeburg, on Monday the 10th Inst. He was an efficient member from that District in Congress, and has left many personal and political friends to regret his loss.

21.—The Legislature of Rhode Island adjourned Saturday evening of the 18th instant.

22.—Governor Davis of New York has despatched an order to Canada, to demand of the authorities there the delivery of Mackenzie, the fugitive, was 25 at this election.

23.—District—Wm. Con. Johnson re-elected.

24.—District—Francis Thomas' Mr. Mason (V. S.) elected over Mr. Lynch (Whig) by 2 or 300 majority. In Frederick County, Mason's majority is 271—in Washington county his majority is 452. Two Whigs in each county were beaten from the Allegheny to be heard from.

25.—Particulars, as in our box.

26.—The cashier of the Branch Bank, having a deficiency of seventy-three thousand dollars.

27.—TRAVELLING.—Last and ingenious experiments have proved conclusively that electricity travels with a velocity nearly equal to that of light, and that the rate of 400,000 miles a second.

28.—KIDNAPPING.—The Wilmington (Delaware) Journal states that Jacob K. Grinnell, lately tried before the Court at Dover, was convicted of kidnapping, and sentenced to four years' imprisonment, a fine of \$100 dollars, and to stand at the bar of the court for one hour each day.

29.—CHARLES MARTIN has been appointed Postmaster at Chillicothe, Ohio, and Caleb Poole, Postmaster at Salem, Massachusetts.

30.—Treasor of the Revenue engaged in the St. Louis custom house.

31.—The steamship Minerva made the trip from New Orleans to St. Louis, a few days since, in four days and twenty-three hours.
