SHANNONDALE SPRINGS. In Jefferson County, Va.

THIS well known watering place was dopened for the season on the 10th June, under the management of Mr. ISAAC N. CAR-TER, who had charge of it in 1838, and gave such general satisfaction, and whose experience since that time will enable him to be still more efficient, and to add greatly to the comfort and pleasure of visiters.

To those who have never visited these Springs it may be proper to say, that they are situated on the Shenandoah river, 5 miles from Charlestown, the county scat of Jefferson, and can be reached in one day from Philadelphia, Baltimore, or Washington. Passengers stop at Harpers Ferry to dine, and then proceed ten miles on the Winchester and Potomac Rail Road to the Charlestown Depot, whence they are taken spite of the "HARD TIMES." I have a large supin Coaches provided by the Company five miles ply of good tough Hickory and Ash, which I to the Springs. The virtues of the waters are well known. Hundreds of the most obstinate cases, which would yield to nothing else, have been perfectly cured by these waters. In Dropsy, Dyspep-sia, and all derangements of the digestive organs and liver, and in many other affections, they have proved invaluable. The proprietors have secured an abundant supply of ICE, an article so indispensable to comfort in warm weather.

business has been suspended in the two Houses of Congress to-day, and will be until Wednesday

At eleven o'clock, after an appropriate prayer from the Chaplain of the Senate, Mr. Evans moved to dispense with the reading of the Journal.

The resolutions of the House moved by Mr. Adams were then read, when Mr. Bates, in some brief and appropriate remarks, announced to the Senate the death of his colleague of the House. Mr. Bates paid a high tribute to his colleague,
