It will be seen that the decision of the Supreme Court is against the constitutionalty of the law in Pennsylvania upon which the indictment was founded. SICK HEADACHE Is a very common affection. Its attacks are very severe and characterized by spasmodic pains, shifting from one part of the head to another, frequently commencing in the morning, attended with siekness of the stomach, nausen, faintings, and sometimes vomiting, giddiness, and confusion of sight, &c. &c. This disease is produced from various causes, perhaps the most common is a derangement of the stomach and digestive organs. Females are most subject to this affection particularly those who lead a sedentary life. Dr. Harlich's Compound-Strengthening Tonic and German Aperient Pil's are warranted to arrest this troublesome disease : first, by clearsing the stomach, and bowels, purifying the blood, and removing all diseased and excrementuous humors from the liver and intestines. By the use first, of a few doses of the Aperical German Pills, afterwards two or three dos s of the Strengthening Tonic Pills, which are used to strengthen and invigorate · the nervous statem, give tone to the stomach and organs of digestion, thus imparting to their subtle fluid its pristine vigor, this afflicting disca a may be entirely removed. This is the only mode of treating this annoying disease, and has been attended with success in thousands of
