NOTES ON THE DESERT-CONTINUED. Number 9.

BY THE REV. THOMAS SEWALL. [FEERCARY 22] There are pleasures there are some which we prefer, perhaps selfish-ly, to enjoy alone. I felt as if Petra was of the ly, to enjoy alone. I felt us if Petra was of the latter class, and left the tent alone, on the morning after our arrival, to reflect among these monuments of a long past age, and if possible to disacretic some of the second o cover something new in a comparatively un-SEASONABLE GOODS, to which he invites known field. While wandering about in search the attention of his customers and the public of some way mark to direct my steps, I was nerally. The ladies will find as great a variety greatly delighted to see a small monument on the summit of one of the mountains at the south-

inclined to accompany me on the excursion; and before we returned I found him of the great-

Within stones cast, toward the Nonth-west, were | will ever be paid. the extensive ruins of some building, the original design of which I was as unable to surmise rocks, two walls of massive masonry were stand-ing, forming a corner at an acute angle, perhaps poleon Bonaparte, gives rise to a river 20 feet in height. These two objects I deemed named Restonica, the waters which

This was encouraging, and in attempting to reach it I was still more animated by finding a flight contrary is considered highly salubrious. of steps and acqueducts cut in the rock; now sheltered by the overhanging mountain and perthen lost. The temple quite repaid me for my ingenuity of the alchymist. labor, for although not large or magnificent, its four lonic columns and sculptured pediment were in pleasing contrast with the desolate tion, and motioning for my Arab, who had all administered the pledge of total absti remain where he was, I ascended them and came to a reservoir for water. It was 100 feet in length, 20 in width, and 15 in depth. The sides the Countess of Clare, the Earl of Surry, were still covered with cement, the bottom with the eldest son of Lord Stafford, and many rank grass, the first that had greeted my eye for other noble Lords and ladies. weeks, and a majestic cedar tree had taken root

there, the largest in all that region, covering the tuary; pieces of which remained, but so mutilated that I could not interpret their design, only rock along the further side from the door resementirely dark. The gorge in, which this temple since January. ples ornamented the mountains on my right and ber money out just as she pleased, bu of them elevated several feet from the ground. I can never forget the metancholy pleasure with which I threaded these silent avenues --Once the hum of devotion was heard here; once | duction she made for cash? the voice of moutning as the dead were followed The speaker replied-'I have considof Petra as they drew water at these reservoirs: but now the fires have zone out upon these al-tars, the schemes of trade are no more formed, are no where to be found; and the solemn stillness is only disturbed by the tread of my ful to have disclosed.

wn feet, or the note of some solitary bird. But my feelings of sadness were mingled with those of another character. During my exertsion I and looked with some pride upon the various wonders, at the thought that no modern eya but mine had seen them, there was their discoverer; and I had written my own and my country's name in large fevers in some prominent place upon them att. to advertise succeeding transplants that their ambitions search.

horde had preceded me over every foot of the ground. I had enjoyed, however, the pleasure of anticipated reputation at any rate.

> CHARACTER OF A WHIG -By Dr. Franklin .- The Whig lives in every State, but wishes to five only in a free State. He claims no right to himself, but what he is willing to give to his neighbor. He is not lifted in sects, by sounds, nor kept in them by prejudice; his mind is not contradicted by systems, nor soured by bigots; it is open to God and nature. He is not attached to person or faction; but to things, to justice, to liberty. passable, was once a thoroughfare. The front of this temple was 50 feet in height, ornamented with four Ionic half columns and niches for status of the meeting at Faneuil Hall on the proceedings of the meeting at Faneuil Hall on heres to them no longer that they adhere to these; and adhere to the men who adhere to these with four Ionic half columns and niches for status of the men who adhere to these; and adhere to the men who adhere to ses and menances, unawed by power, he is attached to these. Not lurking, as a fully acts his part in society; he does what he can; he endeavors within his sphere to promote general welfare. No matter what you call him; what his rank, his profession, or the title of his religion, this is the Whig: and many such, to their immortal honor, has Providence raised up for the defence of Liberty."

Winter, which strips the leaves from around us, makes us see the distant regions they formerly concealed : so does old age rob us of our enjoyments, only to enlarge the prospect of eternity before us.

If there is a man who may eat his bread at peace with God and man, it is of the earth by his own honest industry. It is cankered by no fraud-it is wet be no tear - it is stained by no blood.

The noblest spirits are those which urn to heaven, not in the hour of sorrow. but in that of joy : like the lark, they wait for the clouds to disperse, to soar up into their native elements.

THE THE BANKER.

It is evident that the Locos foreses, with he vision, the dangers before them, and are aroused to the security of energetic action. With a view to further their cause, they are making extraordinary exertions to increase the circulation of their newspapers, and for this purpose hus; partitions are attending the Courts and soin iting as beeriptions with an ardor and perserstenes that brooks no denial. The victim of there importunities is often obliged to do what spocest maidens are sometimes driven to do-"isks them, to get rid of them."

In Kentucky a regular plan is adopted at the subile meetings of the Locos, for the spread of their pernicious doctrines. For instance, they have medied that much county subscribe for five, can, twenty or thirty, of particular mempapers named, and that each county raise a fund of 420 for each member they have in the Legisle-

They have also resolved, "that each of the Demogratio members of Congress be requested to undertake to supply public documents and other papers which will be useful in promoting the cause of Democratic principles in another district, besides the one he represents."

And they resolved, in conclusion, to organize " the object of which is to collect and disburse Institute, bears testimony to the superior manufunds to disseminate information to the people, to aid and support our Demogratic journals, party and to establish more firmly our principlee; and that each society shall hold stated be surpassed, literally and truly, cannot meetings at least once a month, and also to en- It is "Drap de Satin," a French mark. FRANCE.-The French are about to send an ambassador to China. The French papers are creating a great sensation throughout France, by the spitation of the question, relative to the fortification of Paris. Reports were rife throughout Paris that it was the intention of the Ger-ernment to proceed with the areament, with reference to the question of necessi-ty, and which it is supposed meant, in case of invasion, reserved by the Chamber of Deputies. Louis Paillippe is cunning a statesman, not to prepare for war during peace.

LIVERPOOL CORK MARKET, Oct. 4th .--

The arrivals of Wheat coast wise and from Ireland have proved very extensive this half days from Halifax. Capt. Hewitt, her commander, was an invalid out, but was better when the Hibernia left.

From Wilmer & Capt. D. day was well supplied with farmer's Wheat, which, with all qualities of Irish now, met a languid sale at a decline

3d. per 70 lbe, and at the close of banks hours many samples remained un disposed of: Foreign duty paid Wheats were likewise offered rather freely at an abatement of I to 2d. from the rates of this day week; at which all descriptions were in very limited request. Buglieb and Irish Floor. being in somewhat less demand than at he close of the week, receded to prices f Tuesday last, whilst fresh States Flour continue to be held at 34s, but was not saleable beyond 32s 6d per bbl.

AMSTERDAM TOBACCO MARKET, Sept. 26.-In Tobacco we have no variation to report; our first hand sales consisted of 132 hhde. Maryland, and 569 hhde. Maryland were fresh imported.

The English Harvest .- Private letters received at Boston (says the Daily Advertiser) speaks more favorably of the English harvest than the circulars which we have already published. We extract the following, under date of Oct. 3d :

"The fears of the scarcity of bread have been relieved by the turning out of the harvest, which is quite an average in quantity and quality. It was saved by a nonth of the finest weather ever known in harvest time:"

LATEST FROM JAMAICA .- Great Fire at ed to the dwellings. Besides which, 100 houses were pulled down, to arrest the The Hindostan arrived on the morning progress of the flames, making in all, say 1400. The Gazette says ove: 7 000 individuals are left destitute, and dependent
