

CHARLESTOWN THURSDAY MORNING July 22, 1847.

The People's Candidate for President. GEN. ZACHARY TAYLOR.

THE CHICAGO CONVENTION.

The great River and Harbor Convention assembled at Chicago, Illinois on the 5th instant, and adjourned on Wednesday the 7th. Eighteen States were there represented by some ten thousand of their citizens.

One of the most extraordinary shots on record, is related in a letter from an officer attached to the Army, to a friend in this country.

Since the last session of the Grand Lodge of the I. O. O. F. of this State, the Grand Master, Dr. E. C. Robinson, has granted four Dispensations for Lodges, viz, one at Abingdon; at Prince Edward C. H.; at New Market, Shenandoah Co; and at Halifax C. H. The Order is represented as being in a prosperous condition throughout the entire State.

Dr. Robinson designs visiting some of the Lodges in the Valley during the early part of August.

The Grand Encampment of this State meets at Alexandria, on the 31st of August next. The Representative elect from Olive Branch Encampment in this place, is P. C. P. H. N. GALLHER.

The Whigs of Missouri have decided to hold a Convention on the 1st of August, at Hannibal, Mo. The Whigs of this State, and of the adjacent States, are invited to attend.

The Administration has different names for its various armies. One of them it calls its "Army of Occupation," another its "Army of Invasion," and a third its "Army of Exploitation." It is an army of office holders, we suppose, says Prentice, it considers its "Army of Depreciation."

"We would just state," says the Harrisonburg Va. Republican, one of the best Whig papers in the State, "that Gen. Taylor's real friends are aware of what they are about, and ask no dictation from their rear enemies. Hence, they call upon those of all parties who can consistently support him, so to do, and to this let the Polkites know that they scorn their miserable dictation." That's the true doctrine!

The admirer of the Hero of the Rio Grande will soon be gratified with the sight of a splendid Portrait of the General, and of Major Bliss, and other distinguished officers of the Army, by Mr. Wm G. Brown of this City. Mr. Brown is a most skillful and accurate delineator of human features, and he will bring with him in a few weeks, the labors of his pencil under very advantageous circumstances.

Gen. Taylor has afforded the artist every proper facility for the faithful performance of his task, and Mr. Brown will tax his best energies to produce a picture worthy of his subject and himself.

It will be seen by the letter from the Baltimore Patriot, that the Portrait of Gen. Taylor, which has been ordered by the National Whig Association, will be seen by all the people of the country, it will be gratifying to thousands to see an accurate representation of the unpretending Hero, who now has a place in every one's affections.

From our knowledge of Mr. Brown's success as an artist, in taking correct likenesses, we do not hesitate to say that we believe he will bring with him the most accurate portrait of Gen. Taylor that has ever been produced. All, therefore, who desire to see a true representation of the Patriot Hero, may rely upon being gratified on Mr. Brown's return in a very short time.—Rich. Rep.

Suspicious Notices.—We saw yesterday two one dollar notes of the Merchants' Bank of Baltimore, which had been altered to ten, and so ingeniously was it done as to require close scrutiny to detect the fraud. The notes of the denomination of one and two dollars issued by the Bank are in the form of certificates of deposit, and all those of a higher denomination are in the usual form of bank notes. A recollection of this fact will be sufficient to detect the imposture. From the circumstance of two notes of this false character being offered at the Bank yesterday, it is inferred that a number are in circulation.—Balt. Amer.

The Nashville Union says: "So long as the present Tariff remains unaltered, the prices of provisions must be high."

Therefore Loco-foco editors (remarks the Albany Evening Journal) silly enough to believe that the Tariff of 1845 had a beneficial effect upon the prices of agricultural products. The absurdity has been so often repeated, that the small fry of the party begin to deem it truth. Very few, however, have been so credulous as the editor of the Nashville Union, Mr. Polk's base organ—from which we infer that he is either a supine slave or a fool.

The present Tariff has no more influence, favorable upon the price of provisions, than the last new one.

Saratoga.—The Sentinel says there must be in the neighborhood of two thousand strangers now at Saratoga, and good accommodations for two thousand more to be had.

The Young Men's Bible Society of Cincinnati have resolved to put a Bible into every bed-room in all the principal public houses in that city.

BALTIMORE & OHIO RAILROAD.

We learn from the Balt. Patriot, that at a meeting of the Board of Directors, on Friday morning, the report from the committee appointed on the subject of the extension of the road to the Ohio River, under the law of the last Virginia Legislature, was made by Mr. T. P. Scott, the Chairman. It is a very elaborate document, and enters fully into an examination of all the points of the case—states that the committee had a full and free interchange of opinion with committees appointed by the citizens and the city of Wheeling on the subject—and recommends that the law be accepted, with the provisions and agreements referred to by Wheeling, and which it was authorized to make by the law itself. The report and proposals of the committee were approved by the Board, by a vote of 17 to 5; and a resolution adopted calling a general meeting of the Stockholders, for the 25th of August next, to decide upon accepting the law and the agreement entered into under it. If the stockholders decide to accept as it is supposed they will, the work of extending the road to Wheeling will be entered upon with all possible despatch.

One of the most extraordinary shots on record, is related in a letter from an officer attached to the Army, to a friend in this country. The shot was made by one of the soldiers at Chino, who was doing duty as a sentry. A Mexican approached him at night, riding a mule leading another, and followed by a dog. The sentry hailed him, and not receiving an answer, fired. The Mexican was severely wounded, one mule killed, the other wounded, and the dog killed. The cartridge contained a ball and three buckshot, so that each one took effect.

The Virginia Volunteers.

It will be a source of deep regret to many of the voters in the 20th School District, to learn that W. C. WORTHINGTON, Esq., declines an election for School Commissioner, for reasons which are set forth in his Card. Mr. W. took a deep interest in the passage of the School Law, and would have made one of the very best Commissioners that could have been selected in all the county. His energy, industry, and intellectual qualifications are such as to give him standing, and render him an officer in whom all classes could confide—both those in favor of, and those opposed to, the Free School Law.

The following is Mr. W.'s Card:—I have observed that it has been recommended through the "Free Press" and the "Spirit of Jefferson," that the citizens of the 20th School District of Jefferson county should select me as the School Commissioner of the District. Applications have been made to me personally, to serve as a Commissioner for these qualifications, given publicly and privately, of the confidence of my fellow citizens of the District, I entertain a proper regard and estimate, and hereby express my sincere gratitude.

It would be a source of pride and pleasure to me to give aid and services in furthering the contemplated reform in the School system of this county, and as a Commissioner I am already possessed, and which may be acquired, endeavor to carry out in good faith the provisions of the law which has been adopted by the citizens of the county. My own opinion is, however, that I cannot legally act as a Commissioner, nor be elected one. This opinion is confirmed by the judgment of others well qualified to decide such a question.

The third section of the law says, "And the citizens of each District shall elect a resident of each District, being the head of a family, a School Commissioner thereof." The words of this quotation which are italicized make me ineligible, and of course disqualify me to serve if elected.

I give this public notice on the subject (having already mentioned it to many of the citizens of the District) in order that those interested may have a timely opportunity to make a selection of some other candidate to act as their Commissioner, and who may be eligible.

WM. C. WORTHINGTON. July 22, 1847.

Messrs Editors:—You will please announce Maj. A. L. O'BANION as a candidate for School Commissioner in the 20th District. Maj. O'B. possesses every qualification requisite to make a good Commissioner.

To the Editors of the Free Press: I am a theorist to announce Geo. W. Sappington Sen. as a candidate for School Commissioner in the 20th District, and also Wm B. Thompson as a candidate for the 19th District.

A friend of Education.

We are requested to announce Mr. DAVID FRAY as a candidate for School Commissioner in District No. 11. Mr. F. is an active and energetic business man, and will make an excellent Commissioner.

Mr. A. R. BOTTLER will be superintendent of the School District in which he resides.

The election for a School Commissioner in District No. 1, will be held at Shepherd's School House.

By a letter from the Army we learn that the Virginia Regiment number some 200 or 250 less than when it was mustered into service.

PROSCRIPTION AT HOME.—We understand that Mr. JONATHAN WENNER the Postmaster at Lovettsville in our county for many years has been removed from office within the past few days. We have made some inquiry into this procedure, and feel justified in pronouncing it to be one of the most outrageous cases of proscriptive proscription for opinion's sake, that has been perpetrated by even this Administration characterized as it is by its contempt for the great republican principle of "freedom of opinion." Mr. Wenner we have known for years as a man who as a Federal officer, and we feel confident that we but speak the opinion of all knowing him in either capacity, except possibly prejudiced partisans, when we say that his course has been such as to command respect and confidence. He has never interfered in politics we learn and has simply exercised the right of a freeman by voting when he thought proper but always on the Whig side, as he always will have no doubt, and in this alone consists his offence to the "powers that be," for no charge of misconduct has been made against him, nor had any been made and sustained. It is therefore a gross proscription case for the exercise of the "freedom of opinion," the greatest guaranteed right of freemen.—Leedsburg Washingtonian.

SHOCKING BRUTALITY.—A Man's Tongue Bitten Off!—The Philadelphia papers record a shocking case of brutality, which occurred in that city on Tuesday night, at a tavern in Decatur st., where Wm. Rushworth Patrick Maguire, and three others, had a personal encounter. The North American says: "Rushworth and Maguire, were the principals in the affray, which terminated seriously for the latter. In the melee it appears that Rushworth fell upon Maguire, and while down throttled him so severely that his tongue protruded from his mouth; and in this situation, Rushworth bit off the tongue of Maguire. Arrived of Steamer Britannia.

Further Decline in Flour and Grain. Advance in Cotton—Abundant Crops, &c. &c.

A signal depression has taken place in the corn market since the departure of the last steamer, attributable to many causes, but more particularly to the prevalence of fine weather and the growing steadiness of the money market.

COTTON.—The market has been afflicted in an immense ratio, and shows a state of decided improvement—the advance three eighths per cent since the last steamer.

General Intelligence.—The Bogue ports in the China seas were captured and completely destroyed by the British land and naval forces on the 26th of April.

Jenny Lind has created the greatest possible sensation in London. She is engaged to sing for two nights in Scotland.

Yellow fever is dreadfully prevalent; in Liverpool it has made the most destructive havoc amongst the Catholic clergy, eight having been swept away in two months.

Letter from Mr. Buchanan to Santa Anna—Arrival of Mr. Trist—Symptoms of Peace, &c.

The Baltimore Sun of Monday contains the following intelligence, being expressed from New Orleans in six days.

The steamer M'Kim arrived at New Orleans, from Vera Cruz on the 11th.

By its arrival papers were received to the 30th of the city of Mexico.

Mr. Buchanan writes that the President holds such a condition absolutely inadmissible—neither demanded by national honor nor sanctioned by the practice of nations.

The President will not, therefore, make further overtures for the opening of negotiations until he has reason to believe that such will be accepted by the Mexican Government.

Mr. Buchanan's letter is dated April 15th. It acknowledges the receipt of the Mexican Minister's letter of the 22d February, declining to accede to our proposition to send commissioners to Jalapa.

Mr. Buchanan's letter is dated April 15th. It acknowledges the receipt of the Mexican Minister's letter of the 22d February, declining to accede to our proposition to send commissioners to Jalapa.

This letter the Mexican Minister acknowledges on the 22d, saying that the President had instructed him to reply that the whole subject matter of it had been expressly reserved by the sovereign Congress of the nation for its own control.

We learn by the Mexican papers that Congress was at once convened to take the matter into consideration, but up to the 29th of June no quorum had been procured.

By a letter from a source entitled to great respect, we further learn that Gen. Scott gave the Mexican government till the 30th of June to act upon the letter when if nothing should be done, he would march in.

The best opinion in Mexico in our judgment, we have had an opportunity of learning, by this arrival, that opinion gives but poor encouragement for peace, but does not entirely despair.

Other gentlemen, with very ample opportunities for judging, write from the city of Mexico, that there is no hope of settlement.

That the Mexicans have not yet been sufficiently whipped, and that Gen. Scott will have to march into the city of Mexico.

None of the letters we have seen mention anything about the number or position of the Mexican troops.

BY MAGNETIC TELEGRAPH.

Transmitted for the Baltimore American. New York, July 19, 6 P. M.

The effect of the steamer's news on the market for breadstuffs was peculiarly developed today and the shippers are beginning to cater the market quite freely.

There was considerable activity in corn, though but little firmness. About 30,000 bushels of white and yellow was sold at prices ranging from 55 for mixed to 61 cents for red yellow.

Indian Meal is dull, and will not bring over \$2.75 per barrel.

Foreign news has created quite a stand in the flour market. The stocks are held, however, (locally for dealers) in tight, which may account for the slight falling off in price.

The foreign market generally is inactive, and prices are nominal at last quotations. Cotton has sustained an advance of 1 cent. Provisional dull.

THE MARKETS. Office of the Baltimore American, July 19, 5 P. M.

CATTLE.—Prices ranged from \$2.50 to \$4 per 100 lbs. on the hoof, equal to \$2.75 and \$3.25 gross.

FLOUR.—Fresh ground Howard street flour was selling in small parcels up to the time of the Boston arrival at \$5.50, and \$5.25 to \$5.37.

GRAIN.—Some lots of new Md. red wheat were sold today at 100 to 105 cents for good to prime; and some lots of new Md. white at 105 to 110 cents.

WHEAT.—A contract was made today for 1000 barrels of City Mills Flour, to be manufactured of new and old wheat and delivered at all risk work, at \$5.50 per barrel.

Later from Mexico.

The U. S. brig Washington, Lt. commanding S. P. Lee, 5 days from Astor Lizardo, arrived off Mobile Point, yesterday morning bound for Pensacola.

Mr. Rogers of the Navy, bearer of dispatches to Washington, who came a passenger on the Washington, was placed on board a pilot boat outside the bar and reached here last evening.

We are indebted to Lieut. Rogers for the information that on the morning before the Washington sailed, the steamer Milver arrived from Tobacco, bringing intelligence that shortly after Com. Perry left Tobacco, Commander Bigelow, who had been left in charge of that post, went about 6 miles from the town and attacked and put to rout a large superior force of the Mexicans, with the loss of two killed and some six or eight wounded.

We are indebted to Lieut. Rogers for an account of a fire on board the steamer Mississippi.

On the night of the 23d July, about 19 o'clock, shortly after the officers and crew of the Mississippi had turned in, an alarm was heard from the engine room, from one of the engineers calling earnestly to the firemen to bring buckets of water.

The fire had just broken out, and the firemen had just begun to bring buckets of water, when the fire broke out in the engine room, and the firemen had just begun to bring buckets of water.

After great exertions the fire was subdued without doing any material damage to the boat.
