

MYSTERIOUS—Probletic Murder.
Part of the body of a man, viz: the skull and bones above the knee, were found on Shaver's Mountain, 12 miles from Beverly, Randolph county, on the 30th of August. No other parts of the body could be found, and the only human habitation within 7 miles of where the discovery took place. There was found with the bones a black cloth coat and black velvet vest, and a hat not found. There were no papers by which the body could be identified, nor was there any thing of value found with it. But it was supposed to be the remains of a man who left Piedmont county some time last Fall, and who was endeavoring to make his way to Lewis county, Va. where he had formerly lived, and was known to have some amount of money with him. The discovery was made by Messrs. Harper and Hawk, who were hunting cattle in the mountain, and who buried the remains where they were found.—Hoddingham Reg.

ROMANCE IN REAL LIFE.
About twelve years ago, a young man whose name we forbear to mention, residing in an interior county in Kentucky, became smitten—as falling in love is usually termed—with the daughter of a wealthy merchant. His love was requited by the fair and lovely girl, but the young man being poor, without influence, and having nothing to depend upon but his own industry and resolution, his suit was looked upon with a favorable eye by the wealthy father. In a course of chagrin and disappointment, the proud youth left the home of his childhood—and twelve years rolled by, during which no word was heard of him. He went to the West Indies, a penniless adventurer, and one month since returned home, the possessor of an immense fortune. In the meantime, the father of his beloved had failed, and died a poor broken-hearted man, leaving his wife and daughter dependent upon the cold charities of the world. Yet in poverty, as well as in wealth, the two lovers had remained faithful to their youthful vows, and two days after the return of the wanderer, he led his long-chastised bride to the Hymeneal altar. How beautiful, in a cold, heartless world like this, is the fidelity of two loving hearts.

REMARKABLE ESCAPE.—As a schooner, (name not ascertained), was passing down the Connecticut river on Wednesday afternoon, she was struck by lightning, and her mainmast shivered to pieces. The vessel was heavily laden with powder, from Hartford, bound to New York and packed away on her deck were no less than 1000 kegs of that combustible material, and the lightning passed within four inches of one of these kegs, but fortunately did not harm.

FUEL.—The fuel annually consumed in the United States, is estimated at \$100,000,000. It is stated as a well known fact, that there is no more wood around the city of New York than at the time of the revolution. There are large tracts of woodland on Long Island, which have never been used on account of the more general use of coal, and these forests have since been increasing in extent.

A WINDFALL.—A young mechanic of Philadelphia, employed in one of the foundries of that city, has just received the intelligence from England that he is heir to some property valued at \$75,000.

DECLINED.—We learn that Professor McIntosh declines the appointment of Principal of Genesee Wesleyan Seminary at Lima, to which station he was recently elected.

PATRIOTIC DEVOTION.—Some of the Polk papers are making a great hurrah about a brother of Polk coming to Mexico. One of his friends heads it "Patriotic Devotion." Polk's brother is doing no more than the sons and brothers of many of the Whigs have done. Instead of honoring them with the compliment of "Patriotic devotion," the only thanks they receive is the charge of "Moral Treason."

John V. Mason, Esq., the Secretary of the Navy, and acting Secretary of War, having been called to Virginia by the sudden and alarming illness of his father, Mr. Appleton, the chief clerk, acts as Secretary of the Navy pro tem, and Mr. Buchanan, Secretary of State, acts as Secretary of War pro tem.

SINGULAR OPERATION.—An eminent physician of Worcester, N. H., a few days ago, opened the stomach of a patient, and removed several hard substances, which had completely obstructed the passage from it. However singular this may seem, it is nevertheless represented as being true. The patient, it is said, is doing well and will recover.

WHAT EXTRAVAGANCE!—The New York correspondent of the Boston Chronicle, speaking of Stewart's great store, says: "A single lady from Tennessee has during last week spent thirteen thousand dollars at his counter by way of commencing housekeeping."

FIRE ARMS MANUFACTORY.—Mr. Sam. Colt, the inventor of the "Repeating Fire Arms," "Sub-marine Battery," &c., is about establishing an armory in Hartford on a somewhat extensive scale. Mr. Colt has large contracts with Government for furnishing his Repeating Fire Pistols to our mounted troops in Mexico, where they have been used with great success by the Texas Rangers, and our first Regiment of Mounted Riflemen. He expects to turn out about 6000 arms annually.

NEWSPAPERS IN NEW YORK.—The issues of all the morning papers in New York city amount to 70,000 sheets daily. The Journal of Commerce says there is not a penny paper in the city that does not display more talent than any morning paper of 1837.

HOW MUCH IS A "HONOR POWERS?"
We have heard this question asked a great many times. The "Scientific American" says: "What is generally considered as constituting a horse power, is a power sufficient to raise one hundred and thirty pounds one hundred feet in one minute."

The editor of the Richmond Southerner was accused of having a few days ago written in Washington.

Daniel Webster received \$1500 for his three days' service in the Oliver Smith will case.

A GOOD PRICE.—The Pearl S. House, N. Y., was sold on Thursday, at auction, for \$100,000.

Whose fault it is, asks the Pittsburg Journal, that Gen. Scott has not 25,000 men? The President, we learn, says it is not his!

THE MARKETS.
Office of the Baltimore American, Sept. 6, 5 P. M.

CATTLE.—Prices ranged \$3.30 per 100 lbs on the hoof, equal to \$4.15, 75c, and making an average of \$3.62 1/2.

HOGS.—Hogs sold briskly at \$5.50, 75c.

WHEAT.—In Howard street no sales of note have taken place. There were sellers to-day at \$5.74, and buyers at \$5.25, but no day of transactions.

GRAIN.—There was a very good supply of wheat at market to-day, and the rates were at 100 1/2 cts. for good to prime reds; 110 1/2 cts. for white; and 115 1/2 cts. for family flour.

ANOTHER RESTORED IN KENNEBECK COUNTY, ME.
East Livermore, August 12, 1845.

Dear Sir: You may publish this letter, or make such use of it as you think proper. A year ago I fell ill, and was taken with a severe cough—very much increased by a cold, and my appetite, and became very much reduced in general health. I was relieved, and could not sleep of nights. I applied as a physician, and was told to use Wistar's Balsam of Wild Cherry. Before I had finished one bottle I was relieved, and could not sleep of nights. I applied as a physician, and was told to use Wistar's Balsam of Wild Cherry. Before I had finished one bottle I was relieved, and could not sleep of nights. We have heard this question asked a great many times. The "Scientific American" says: "What is generally considered as constituting a horse power, is a power sufficient to raise one hundred and thirty pounds one hundred feet in one minute."

Dr. J. D. STARRY, Professional Services to the public. His office is at Abell's Hotel, Harper's Ferry, Sept. 9, 1847—3d.

New Goods! New Goods!
The undersigned having taken the old stand occupied by F. Danneberg, at Letchford, are now receiving and offering a new and selected stock of GOODS, which they will sell as cheap as can be had in the country.

Our stock in part comprises the following articles, viz: Cloths, Cassimeres and Vestings, Cassimeres, Flannels, Tickings, Blankets, Bleached and Brown Cottons, 6 and 8c, Plain and Tinted Quaburg Cottons, Calicoes, Gingham and Checks, Sw as Muslins and Laces, Cashmeres and Mouselines, Hats, Caps, Shaws and Ties.

TO BUSINESS MEN.
Business men having in upon them—should advertise liberally, and in doing so, should always bear in mind one important fact: that the paper most read by the community, is the very one which they should advertise in.

TO BUILDERS.
SEALING PROPOSALS for the rebuilding of a church at Letchford, Jefferson County, Va., in a plan and specification, to be seen upon application to Thomas G. Baylor, near Letchford.

WELL IMPROVED FARM AT PUBLIC SALE.
On Thursday the 14th day of October next, at the premises, at 12 o'clock, A. M., the subscriber will offer, at public sale, his Farm and Residence situated one mile north-west of Letchford, Jefferson County, Virginia. The farm should be in the hands of the purchaser, and the sale will be postponed until the next fair day. The tract contains 315 Acres.
