

The elections for the year are now nearly concluded. New York, and Mississippi, we believe, being yet the only States to vote. No members of Congress are to be elected in the Empire State, and no matter how Mississippi goes, she cannot alter the result. The Whigs have a small majority in the House of Representatives...

If our individual opinions could have any influence, we would be willing that the Whigs, to some extent, should waive their advantage in this respect. Not that they should surrender any principle, or give up the power to acquiesce and rapidly; but we would encourage no sort of opposition that might seem factious. We would, if entrusted with the duties of Speaker of the House, give the Administration the advantage of a Chairman of the Committee of Ways and Means, and the Chairman of the Committee of Foreign Relations...

But we make another extract from the Virginia, previous to our furnishing the documentary evidence. The body and clerical object which these federal officers propose to themselves in making these false and extravagant statements, cannot be mistaken, although we are very sure that the blow which they seek to strike at the Administration will ultimately recoil upon themselves. We think it nothing but right that they should be called on to give the reasons why they have done this. We therefore defy them to produce them.

The "Virginia" then calls for "the items." Well, here they are. The facts, in regard to Military and Naval Appropriations, made since the commencement of the Mexican War, as shown by THE VIRGINIAN, are as follows: APPROPRIATIONS AT THE LAST SESSION.

THE COST OF THE WAR. We have long since learned to read the language of the newspapers in a different manner. It is not so much the words that are used, but the meaning that is conveyed. Table with 2 columns: Item and Amount. Includes Appropriations at the last session, Appropriations at the present session, and Appropriations since the war began.

TRAVEL RESUMED. It will be seen that travel has resumed in the Baltimore and Washington Road, as well as upon our own, and every thing is now working as before the storm.

DISSENTING ARRIVALS. Ex-President Tyler and lady, Hon. Henry A. Wise, and family, late Minister to Brazil; Hon. Mr. Henshaw, and Captain Upham and family of the Army, arrived at Baltimore on Wednesday.

A PATENT HAS BEEN TAKEN OUT FOR DISPENSING WITH SEWING IN THE MANUFACTURE OF SHIRTS, COLLARS, AND LINEN ARTICLES. The pieces are fastened together by indissoluble glue! What next?

LIBERALLY.—Between three and four thousand dollars was raised in the city of New York for the relief of the sick and destitute of New Orleans.

SUSPECTED POISONING.—Francis Druggan, a druggist in Sandusky City, (O.), was arrested on a charge of murder, by administering poison to Conrad Alder, his partner in business.

A CAUTION.—We have in our office (says the Cleveland Herald) subject to the inspection of the coroner, the straw through which Polk sucked in the Tariff men of Pennsylvania, in 1844.

COURT COSTUME.—A court suit, to be presented at the English or French Courts, consists of body coat, white vest, breeches, silk stockings, (white or flesh colored,) and wig, unless the person is a diplomat, military or naval officer. All such may be presented in the uniform of their office.

A NEWFOUNDLAND PAPER SAYS THAT THE whole island is rising out of the ocean, at a rate which renders it probable that at no distant day many of the best harbors on the coast will be materially affected, if not rendered useless.

TOWNS IMPROVEMENTS. We have been informed by many of our farmers that the late potatoes are all affected with the rot, and that many who thought they had a full supply and some to sell, of this excellent product, find their supply fast decaying. In one instance, out of about three hundred bushels, only some five bushels were sound and fit for use.

SAPPINGTON'S HOTEL. The proprietor of this excellent House has raised a portion of the back part of the building to the height of the new elevated road, and has erected a three story house in the rear of his present building, which furnishes a number of neat chambers, and enables him to accommodate more comfortably than heretofore, those who have made his house their home.

A LARGE RADISH. Mr. SAUCE, of our town, left us last week, a large Radish of rather a singular form, partaking in many particulars of that of the human—an exemplification of the fact that the vegetable does sometimes copy after the animal kingdom. It measured in length 18 inches, 19 inches in circumference, and weighed 10 pounds.

THE EPISCOPAL CHURCH. This large and commodious building is progressing steadily, and when finished will constitute one of the handsomest churches in the whole Valley. The front of the building will be a handsome piece of workmanship and architectural skill, reflecting great credit on Mr. Lono, the accomplished artist who furnished the design.

WILDEY LODGE. The following officers have been elected out of the Trustees, appointed by an act of the General Assembly of this Commonwealth, March 8th, 1847, incorporating Wildey Lodge, No. 11, I. O. O. F.

DEATH OF A VOLUNTEER. CONGRESS CARLIN, who went to Mexico with the Jefferson Company of Volunteers, died at Brownsville, Pa., on the 1st inst., of inflammation of the lungs. He had been discharged on account of bad health when he arrived at Brownsville, on his way to his home, (Winchester,) and after lingering for several weeks, he died at the time above stated.

LETTER FROM CAPT. BRAGG. The Hamburg (S. C.) Journal publishes the following letter from Capt. Bragg, giving an account of the late fortunately unsuccessful attempt to assassinate him:

AN ORGAN FOR BALTIMORE. Mr. Erben, of New York, has just completed for the First Presbyterian Church of Baltimore, (the Rev. Mr. Backus) an organ of the largest class instruments, having 37 stops, 3 full sets of keys, and 2 octaves of pedals. The case is in the conventional style of architecture, 18 feet wide, 22 feet high, and 12 feet deep.

FLORIDA ELECTION. It appears from the Tallahassee Florida, a democratic paper, that the Whigs have probably carried the Legislature of this State. The Senate will be whig from 1 to majority, and the house also probably whig. This would give the whigs another U. S. Senator.

POTATO ROT IN JEFFERSON. We have been informed by many of our farmers that the late potatoes are all affected with the rot, and that many who thought they had a full supply and some to sell, of this excellent product, find their supply fast decaying. In one instance, out of about three hundred bushels, only some five bushels were sound and fit for use.

THE BERRYVILLE TURNPIKE. We are desired to state that a meeting will be held in Berryville on Monday next, of all the friends of the Turnpike Road from that place to Charleston—both of the county of Jefferson and Clarke—to see if any steps can be taken for the completion of the subscription to the Capital Stock of the Turnpike Company.

WHEAT BOLTED BEFORE GRINDING. Mr. S. BENTZ, of Washington county, Md., has invented a machine which he terms the Wheat Bolter, and which is applied to the Wheat before grinding, for the purpose of taking off the hull, or in other words of taking off the bran—bolting the Wheat before it is ground. The editor of the Boonsboro' Odd Fellow has examined specimens of wheat run through this machine. The bran was entirely taken off and all that remained was the very interesting lump of bran run ready to be milled and put into barrels.

THE VIRGINIA REGIMENT. We have a letter from an officer of this regiment, dated at Buena Vista on the 6th of September, from which we gather some items of information which will be agreeable to our readers to be acquainted with.

DRADFUL CALAMITY. Tremendous Powder-Mill Explosion and Loss of Life—Old Hundred House Destroyed—A telegraphic dispatch from Cincinnati, Oct. 15, 11 P. M., to the Philadelphia papers, communicates the following dreadful intelligence, being a portion of the full effects of the late storm. The dispatch says:

OHIO ELECTION. The telegraph reports, as well as the Ohio papers of both parties, all admit that the whigs have elected a majority in both branches of the Legislature, much larger than that by which they carried it last year.

TENNESSEE. The official majority of Gen. Neil S. Brown, whig, over A. V. Brown, dem., for Governor of Tennessee, is 1,015.

GEORGIA ELECTION. The Augusta Chronicle of the 14th inst. says that all doubts as to the completion of the Legislature were removed. The Whigs have carried both branches—the Senate by 3 majority electors, and perhaps 5—the House certain by two majority.

PENNSYLVANIA ELECTION. The election in Pennsylvania has resulted in the choice of Francis R. Shunk over Gen. Jas. Irvin, by about 15,000 majority. The House we believe will be Loce, and the Senate Whig.

MARYLAND ELECTION. The official returns for Governor above that Thomas Lee, has been elected over Goldsborough, Whig, by a majority of 688. Both branches of the Legislature is Whig.

FLORIDA ELECTION. It appears from the Tallahassee Florida, a democratic paper, that the Whigs have probably carried the Legislature of this State. The Senate will be whig from 1 to majority, and the house also probably whig. This would give the whigs another U. S. Senator.

FIGHTING PARSON. We have seen it stated that one of the companies from Mississippi, at Buena Vista, was commanded by a Methodist minister. Just before the battle commenced, and whilst the troops were forming, it is said he delivered the following pithy prayer, at the head of his company:

WHAT'S IN A NAME.—Col. TOWNS (Democrat) has beaten Gen. Clinch (Whig) for Governor of Georgia. The name of Col. Towns is said to be George Washington Napoleon Bonaparte Towns. There was too much thunder in that name even for "Old Withalochie."

There is in Detroit a German, about 80 years of age, who was educated in one of the German Universities. He is an excellent scholar, and speaks Greek and Hebrew, French, Spanish, German and English, and is an excellent mathematician. With all these accomplishments he is compelled, for want of better employment, to saw wood for a living.

HIGH WATER.—During the late freshet in the Juniata, Pa., the water rose from thirty to thirty-five feet above low water mark.

AN INGENIOUS FRENCHMAN has discovered that, by administering ether to a hive of bees, he can deprive them of consciousness.

THE SMALLEST HORSE YET.—A mere pigmy horse, weighing forty-five pounds, the smallest one that ever lived, has been sent to Gen. Tom Thumb as a present from Java. It is a great wonder.

ONE OF THE BROTHERS.—A boy of 16, residing in New York, measures seven feet one inch in height, and weighs 172 pounds. He has grown nine inches in the past year.

FARMER'S COLLEGE IN OHIO.—A "Farmer's College" has been established at Pleasant Hill, 7 miles from Cincinnati, which already numbers over 100 students.

TRIAL FOR HORSE STEALING. The trial of JAMES M. CLINTON, for stealing a horse, came on before the Superior Court, Tuesday last. Previous to going into trial, his conduct was assailed as to a doubt with regard to his sanity. Judge Douglas thereupon had a jury empanelled to try the question of the prisoner's sanity. Such of the evidence as we heard went strongly to show that the prisoner acted strangely at different times, and was not regarded as perfectly rational by those in whose employ he had been engaged. The jury rendered a verdict of insanity without leaving the Court.

We are desired to state that a meeting will be held in Berryville on Monday next, of all the friends of the Turnpike Road from that place to Charleston—both of the county of Jefferson and Clarke—to see if any steps can be taken for the completion of the subscription to the Capital Stock of the Turnpike Company.

COL. JEFFERSON DAVIS'S OPINION. The following letter from the gallant Col. Davis of Mississippi, bears eloquent testimony to the great and many qualities of Gen. Taylor. It will be seen that the impression made by Gen. Taylor's character upon those that know him best, is derived from the very nature of his command, and as especially seen in the conduct of his private life and intercourse with his subordinates. The letter is as follows: "I have been and am now commanding a district of the United States Army, and in the discharge of my duties I have had the honor to be acquainted with the character and worth of the late Gen. Taylor. He was a man of noble character and high talents, and his conduct was a model for all to follow. LATER FROM MEXICO. The steamer Madway has arrived at Charleston, from Havana, with dates to the 5th inst. They contain letters from Vera Cruz to the 27th ult., which state that General Scott had addressed Congress to the Mexican Government, in the city of Mexico with powers to conclude a Treaty of Peace. This is the only item of substance of intelligence brought by the arrival of the steamer, and how far it is true is as yet undetermined. It is to be said, 1500 members stated that a division of the Mexican Government, in the city of Vera Cruz, to a small town in the vicinity of the capital. The New Orleans papers contain nothing from the Army.

ANOTHER FUROR.—On Tuesday week, about 12 o'clock, the stable at the Columbia Hotel, Richmond, Va., was discovered to be on fire. It was soon arrested, but not until the interior of the stable was pretty well consumed. All the horses in the stable were rescued, though two or three of them were a little scorched.

EFFRAY AT RICHMOND.—The Richmond Enquirer of Tuesday week says: "A unfortunate affair took place on Monday evening between Mr. George W. Toler and Mr. Edwin Cooke, in which Cooke was stabbed with a knife, or some other weapon, receiving six severe wounds on his body. He is very seriously injured. The first assault was made by Cooke. Toler was yesterday examined before the Mayor, who admitted him to bail in the sum of \$2,000."

MR. WISE.—This gentleman is in Washington, and on Thursday visited upon the President, with whom, says the Union, he had a long and most agreeable interview. Subsequently he had an interview of nearly two hours with the Secretary of State.

GERMAN REFORMED SWORD.—The Synod of the German Reformed Church, held its annual meeting in Lancaster, Pa., on the 14th inst.

PAID OFF.—The Encarcerated prisoners were recently paid off at New Orleans.—They numbered in all 92 men, and Ursula Saun gave them "boys" nearly \$17,000 for their services.

CORVO.—The receipts at New Orleans for the first four days of October, were 13,150 lbs against 14,574 during the same period last season.

Snow fell at Buffalo, New York, on Wednesday last.

Queen Victoria's bill goes to meeting clothes' cost half a million of dollars. Those that Bonaparte used to wear, when emperor, on state occasions, nearly a million.

THE MARKETS. Office of the Baltimore American, Oct. 19, 1847. CATTLE.—Prices raised from \$23.50 per 100 lbs. on the hoof, equal to \$145.25 net and averaging \$2.62.

FLOR.—There were five bags of 600 lbs. Howard Street Flour on Saturday at \$6.25 per 100 lbs. and two other bags were sold at \$6.25 per 100 lbs. The demand has been brisk, and sales reached about 1000 lbs. at \$5.50 per 100 lbs. at the former rate.

GRAIN.—The supply of Wheat at market today was fair, and the demand being active, both for shipping and grinding, prices further advanced. ANOTHER TESTIMONIAL TO THE WONDERFUL EFFICACY OF WISTAR'S BALSAM. News from New York, Oct. 18, 1846. Mr. S. W. FOWLER, residing at Harford, Wislar's Balsam of Wild Cherry, and being so much gratified by its effects in his own case, I am disposed to give you my testimony in a statement of my case—that others similarly afflicted may avail themselves of the benefit to be derived from this truly valuable medicine.

I was taken with bleeding at the lungs about the last of April, 1845. I immediately applied to a physician and followed his directions for a considerable time, but still continued to bleed every few weeks, and to all appearances was rapidly sinking to the grave. I then applied to other physicians—and although under the treatment of some of them I became a little more comfortable, yet the attack of bleeding recurred every few weeks until I had the seventh, at which time the quantity of blood discharged was near half a gallon. Every successive attack seemed to render me lower—until at last I had no appetite. I had a severe pain in my right side, so that I could hardly turn myself in bed without pain, and the pain at times was so severe that I could not refrain from groaning. At times I also had a severe pain in my chest and left side. I now asked my physician what he thought of my case. He replied that I ought to know the worst of it—that he thought I should not get well. This was on the 10th of September, when I had been in the hospital for nearly a year. I then purchased a bottle of Wistar's Balsam. I continued to use it—and from the first two bottles I did not notice much benefit except that my appetite became better—and I was able to take a few more meals. I have now taken seven bottles, and am able to do a good deal of work in my shop; and although I am not quite as strong as formerly, I have every prospect of becoming so. I would therefore recommend to the public WISTAR'S BALSAM as being a most invaluable medicine and one every way worthy of their entire confidence. I have a doubt that through the blessing of God it has been the means of raising me from the grave.

S. B. LAMBERTON. None genuine unless signed J. Bertr. on the wrapper. The above valuable Balsam can be had at the Drug Store of THOMAS M. FLINT, Charleston.
