Virginia Free Press.

BY GALLAHER & CO.

THURSDAY MORNING.

DECEMBER 21, 1857.

HILLSBOROUGH POST OFFICE.

A few weeks ago we had occasion to notice the mismanagement of official duty of the postmaster at Hillsborough in Loudoun County. We did so from no malicious motive, but we did so from the incumbent of the office, and would not know him were we to meet him, but from a sense of duty to ourselves and subscribers. We made no statement which we cannot establish beyond doubt. When an office is so conducted that persons living in the town are compelled to have their papers sent to another office some three or four miles distant, it is in the hands of the postmaster, and that the office should be placed in better hands.

We are not aware of the individuals who were brought about by the postmaster in office, and care less, but when we or our subscribers are injured by the neglect of duty, we shall not hesitate to denounce him, albeit our bones may be in jeopardy, as has been incidentally hinted to.

The Free Press in Washington in copying our late article on the subject, says: "We thank our contemporary of a dereliction of duty on the part of one of the Postmasters of this County. When boys from the age of 12 to 15, as we are above informed, have access to one of the most important seats of the County, and the papers are found lying on the shelves and counter, we think sufficient cause is shown for the prompt removal of the incumbent. We could cite instances where we have had access to the post office, but we have no time to do so. The Free Press has given us an account of the matter which we managed here by his successor.

Our friend of the Charlestown Free Press seems very much disturbed on account of the fact that for giving such cordial support to Democratic men and measures, the county of Rockingham fares so badly in the distribution of offices and rewards. The Free Press may rest easy. The people of Rockingham have a higher facinority to control them than the prospect of office. They vote in accordance with honest principles, and they ask no higher reward than the peace and prosperity of our country. They don't vote for pay. We should honor them less if they did.

Not in the least "disturbed," friend Register. It was your neighbor of the Democrat that was "disturbed," because some Rockingham man was not elected as Sergeant-at-Arms in the Legislature. We certainly have no objections to the people of Rockingham tugging in the ranks, though we confess they "go it blind" with eagerness, when commanded to do so. You have, however, aspirants who "couldn't come in," notwithstanding the "higher incentive to control them than the prospect of office." Have you not had one who desired to "visit 'Furrin' part?" Do you take it—perhaps if you don't, your neighbor does. But, then, it is none of our business, and we leave the people of Rockingham to do as they darn please. If they can't get a "Furrin" appointment, they may content themselves with Clerkships. It is all the same to us.

THE BOOK.

We refer our readers to the advertisement of the Messrs. Appleton, of New York. These gentlemen have in press, and will issue shortly, a new and interesting volume. As the Baltimore Patriot says, "the public has in the character of its chief compiler, (understood to be Mr. Prescott Smith, the assistant master of transportation of the Baltimore and Ohio Railroad,) a guarantee that it is no catch penny, but a work of high value. We were further informed that the forthcoming work will contain full and original accounts of the various banquets given on the interesting occasions referred to, in which were embodied complete reports of the most distinguished men of the day, together with much other highly attractive and interesting matter, which cannot fail to make it one of the most readable works of the season."

IN OFFICE.

We have heretofore omitted to notice the fact that our county-man, Mr. GEORGE MERRITT, has received an appointment as Washington. This will be gratifying to his numerous friends. Mr. M. is a worthy gentleman, and will discharge his duty with zeal and fidelity. His appointment we learn, was through the influence of the Hon. CHARLES J. FAYLOR. However much we may differ in many respects from the Republican party, we are glad to see that any of our representatives in Congress, who are in this respect, is ornamented.

BLESSING.

Our friend Blessing has, during the Holy days, exerted over the hearts of the "little ones," and others, an influence more wonderful than that of the Wizard over the enchanted pious. He has crowds to call upon him, and all go away satisfied! What a Blessing!

For the Can of most delicious Biscuits, and a Cake creditable in size and quality, we return our most hearty thanks.

BAD BOYS.

It is not surprising to us that our large cities should be under the dominion of outlaws, when in a small village like our own, the citizens are not permitted to attend with impunity any public exhibition—or even worship in our churches on the Sabbath without interruption. These things should not be, and if parents do not take the matter in hand, it is time for the civil authorities to.

The bill introduced in the United States Senate by Mr. Butler, authorizing an issue of Treasury notes to the amount of twenty millions of dollars with six per cent interest, is a striking illustration of the improvidence and short-sightedness of Democratic statesmanship. Not more than three months ago the Treasury Department was paying a premium of sixteen to eighteen per cent for the privilege of redeeming government liabilities, not yet mature. Now, it proposes to pay six per cent for money to meet actual and accruing debts. Here is a clear and heavy waste of the public money, attributable solely to the want of sagacity and prescience of Democratic officials. Again, the President in his message attributes the commercial embarrassments through which we have just past solely to the extravagant and vicious system of paper currency—and yet to meet an exigency in the government brought about by bad financial management, he proposes to increase the "paper currency" of the country by an issue of Treasury notes to the amount of \$20,000,000. If we have not had enough of paper money, we have not had enough of Democratic statesmanship never to be met with except when Democracy is in the ascendant. —Petersburg Intelligencer.

DOUGLAS & CO., SUSTAINED BY GOV. WISE.

In his letter a short time ago, Gov. Wise used the following language: "The people shall of right judge for themselves, at the polls, of their own organic law, unless they expressly authorize agents to make and adopt a constitution for them." He added: "There was no such authority delegated by the people to the convention of Kansas." Now, this is precisely the position of Douglas, Walker and company; and according to it, it would be an outrage on the people of Kansas for Congress to ratify the Leocompton constitution, unless previously submitted to them at the polls. If Douglas, Walker and company are justly denounced by the Southern free-press, why should not Gov. Wise come in for a share of the indignation, also? —Rich. Whig.

GOVERNOR WALKER'S CONCLUDING PARAGRAPH in resigning his office, reminds us of a Judge's concluding sentence to a malefactor when he says, "and may God have mercy on your soul!" Gov. Walker says: "And now be pleased to express to the President my deep regret as regards our unfortunate difference of opinion in relation to the Leocompton constitution, and say to him, that as infidelity does not belong to man, however exalted in intellect, purity of intention, or position, yet if he has committed any errors in this respect, may they be covered by a superintending Providence for the perpetuation of our Union, and the advancement of the honor and interest of our beloved country."

RALE OF NEGRO S.

A sale of Free Negroes took place lately in front of the Court-House in Charlestown. One woman, very old, sold for \$3—another old woman sold for \$300—another woman aged 33 years, sold for \$530—another woman aged 40 or 45 years, sold for \$231 00—These Negroes were sold by order of the Court for remaining in the State contrary to law.

ON Monday last, Negroes belonging to the estate of John W. Moore, were sold at prices ranging from \$300 to upwards of \$700, according to age and sex.

Also a lot belonging to the estate of John M. McFarland, sold at good prices, considering the money pressure. One man sold for \$1050.00.

Mr. Faulkner has introduced into the House of Representatives a great step towards Congressional reform. His report, as Chairman of the Special Committee on the Rules of the House, was adopted by almost a two-thirds vote. It makes many radical changes in the regulations on the floor, all of which will have an admirable tendency, but the best point made in excluding from the privilege of the floor, ex members of Congress. Many of these might be admitted with great propriety, but the bulk of them would be a nuisance to the members of the "graceful lobby" which infests the Hall of Congress—bringing into disrepute the respectable portion of those admitted to the floor.

THE UTAH ARMY.—We learn that the War Department received on Saturday information by telegraph from Lieut. General Scott announcing his receipt of favorable intelligence from the Utah expedition. On the 7th of November Colonel Johnson and Smith and the train, had overtaken Col. Alexander and all were marching upon Fort Bridger, distant only sixteen miles. The troops were in fine spirits and there was just enough snow upon the plains to protect the grass from fire.

THE "ARMY OF THE VALLEY OF VIRGINIA."

Mr. Peabody's liabilities.—The New York Times is informed authoritatively, where it says, it has been ascertained that the house of Peabody was used as a place of refuge for the property of the Bank of England, except the most inconvertible sum of six millions sterling.

DESPERATE AFFAIR.—An aff. occurred on Sunday last, near Hunter's Mill, in Fairfax county, amongst a party of carmen, and during the melee one of the players, named Moses Williams, received six very severe cuts with a knife, in the hand of another of the party named Thompson. The wounded man is not expected to survive. Thompson was committed to jail.

THE WIZARD.

Mr. Whitner, the Abolitionist, was on Sunday last, at the residence of a number of our citizens by his magic power, he caused the fire to be extinguished, and highly predicted by those who witnessed them. As purposes returning to this place in the course of a week, when we will see him a second time.

SPECIAL TERM OF THE CIRCUIT COURT.—The Special Term of the Circuit Court of this County, which was ordered at the last October Term, will commence on Monday, the 11th of January next. No grand jury or venire will be summoned to attend the said Term.

ADVANTAGES OF ST. LOUIS.—The St. Louis Journal, speaking of the great western city, says they can ship to the North British possessions by the Lower Mississippi and Mexican ports by the Lower Mississippi and the Gulf, to Canada frontier by the Illinois river and Lakes; to the Atlantic by the Ohio river and railroads; and to the Western plains by the Missouri. No other great interior city commands such happy radiating and such deep carriage to all points of the confederacy.

THE WELLING HOUSE, near Martinsburg, occupied by Mr. Wm. Byers, and belonging to Daniel B. Myerson, Esq. of Martinsburg, was destroyed by fire on Thursday last. The house, which was well furnished, was entirely consumed. Total loss some 12 or \$1500. No insurance.

WANTED.

We will be obliged to the Governor of Virginia, any Member of the Legislature, for a copy of the Message No. 4, containing the report of the Hon. J. M. Caldwell, Secretary of the State, on the subject of the proposed amendment to the Constitution, which was passed by the Legislature on the 11th of December, 1857.

LOUDOUN AFFAIRS.

A meeting of the Agricultural Society of Loudoun, convened in the Academy Hall on the 14th inst., JOHN JANNEY, Esq., was called to the Chair, and J. W. Wirtz appointed Secretary.

On motion, the meeting proceeded to the election of officers for the ensuing year, with the following result: ROBT. L. WRIGHT, President. H. O. CHAMBER, Secretary.

Mr. Wright, in his address, said that the Agricultural Society of Loudoun, was organized in 1830, and had since that time been engaged in the promotion of agriculture in this county. He said that the Society had a large number of members, and that they were engaged in the promotion of agriculture in this county. He said that the Society had a large number of members, and that they were engaged in the promotion of agriculture in this county.

Mr. Wright, in his address, said that the Agricultural Society of Loudoun, was organized in 1830, and had since that time been engaged in the promotion of agriculture in this county. He said that the Society had a large number of members, and that they were engaged in the promotion of agriculture in this county.

He said that the Society had a large number of members, and that they were engaged in the promotion of agriculture in this county.

Two pliffs to see the early hour, slipped by the meeting, just when it was nearly in its progress, and put in its appearance, Mr. Ed. Jones, a member of the Society, in a suit of natural philosophy or rather human instinct with some people and indeed with the mass of mankind, who are not aware of the fact that the Society had a large number of members, and that they were engaged in the promotion of agriculture in this county.
